---------------	-----------	--------------	-------------	------	----------

FILMGUARD™ X-RAY BAG

checks. This leadlined bag protects unprocessed film and other sensitive media against the low-dosage x-ray machines that are used in airports around the world. Without this type of protection, unprocessed film can become fogged or streaked, resulting in lost photographs. Triple layer construction includes an outer shell of water resistant ballistic nylon, a lead-impregnated vinyl sheet and a smooth interior nylon lining. Full length 1-½" Velcro® closures and water resistant materials keep dust and moisture out. Available in three sizes: Mini, small and large are identical in form and function, differing only in size. All three are packaged in attention-getting bright yellow and red display / gift boxes.

711-11B Mini FilmGuard Black \$18.95 75006202172
 Capacity: Nine 35mm film cassettes or a compact camera.
 Dimensions: 5-1/4 x 8"
 Weight: 8.5 oz.
See Domke catalog page 34 for additional details.

711-12B Small FilmGuard Black \$24.95 75006201896
 Capacity: 15 rolls of 35mm film or compact camera with film.
 Dimensions: 9-1/2 x 8"
 Weight: 11 oz.
See Domke catalog page 34 for additional details.

711-15B Large FilmGuard Black \$34.95 75006202027
 Capacity: 35 rolls of 35mm film, three 50 sheet boxes of 4 x 5 film or small camera with
 Dimensions: 10-1/2 x 12"
 Weight: 1 lb. 2 oz.
See Domke catalog page 34 for additional details.

Note:

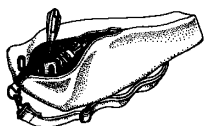

When using FilmGuard, Domke recommends that film be stored in carry-on luggage. Storage in checked luggage (which is often exposed to high-dosage x-rays) could damage film and other sensitive media. Ultra high-speed photographic film (1000 ISO or higher) should be hand inspected.

Limited Warranty:

The FilmGuard pouch is guaranteed against any defects in material and workmanship for two years. This product is designed to be used only with low-dose x-ray inspection units and the warranty does not extend to any high-dose x-ray inspection units. The best protection against high-dose x-ray units is visual inspections. Manufacturer's liability is limited to replacement of film only and not to consequential damages.

DOMKE TRIPOD BAGS

strap. Strap is positioned to hold the tripod head up to balance the weight. Double slide zipper for easy access. Black Only.

709-427 F-427 Tripod Bag 27" Long \$47.95 75006200328
709-432 F-432 Tripod Bag 32" Long \$51.95 75006200329
709-440 F-440 Tripod Bag 40" Long \$61.95 75006200330

* 40" Bag has inside storage pouch for detachable tripod head handles.

See Domke catalog page 35 for additional details.

DOMKE SLING BAGS

Ideal for long, awkward location equipment such as light stands, booms, etc. End-to-end double-slide zippers, oversized twin sling handles, an inside tube to protect umbrellas, and a zippered outside pocket. Accepts Gripper Utility Strap (745-1XX)

DOMKE PROTECTIVE WRAPS ... Now In Four Colors!

Domke wraps are a convenient, lightweight measure of protection for lenses and other fragile items. Wraps are soft, clean squares with smooth, no-scratch Nylon on one side, colorful Velcro knit on the other and a resilient foam layer in-between. They can be rolled, folded, and fastened in virtually any configuration to conform to the shape of their contents. Great as a padded "liner" for outer camera bag pockets, or for storing and transporting equipment in any bag, case or container. The perfect add-on to any photo equipment purchase. Available in black, red, yellow and grey in three sizes: 11",

722-11B 11 x 11" Black \$12.95 75006200358

OUTPACK® DRI-SAFE™ ALL-WEATHER CASES

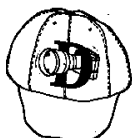

Dri-Safe™ is a compact, protective carrying case designed to keep photo and electronic equipment, travel items and accessories dry, cushioned and clean. To ensure the best protection against the elements, Dri-Safe™ is constructed with a waterproof HYDRO-LOCK® liner (patent pending) layered between durable 420 Denier pack cloth on the outside and water-resistant ripstop nylon on the inside. Closed cell foam between the fabric layers provides protective cushioning and shock absorption for fragile equipment. Dri-Safe™ can be used to safeguard equipment and other valuables when hiking, traveling, boating or on assignment anywhere, in any weather.

730-603	SMALL DRI-SAFE™, JET BLACK	\$34.95
730-605	SLICKER YELLOW Ideal for lens, flash, cell phone, small point-and-shoot cameras, hand-held GPS, mini-binoculars, accessories. Floats, when properly sealed, with contents up to 1 lb. (not intended for prolonged submersion). Dimensions (closed): 7 H x 3-3/4 W x 2-1/2" D.	
730-703	LARGE DRI-SAFE™, JET BLACK	\$42.95
730-705	SLICKER YELLOW Ideal for digital cameras, large camera bodies or binoculars, compact camcorders, lenses, film backs, ZIP drives, personal stereos, and much more. Floats, when properly sealed, with contents up to 3 lbs. (not intended for prolonged submersion). Dimensions (closed): 7 H x 7-1/2 W x 3-1/4" D.	

NOTE: Dri-Safe is guaranteed against defects in materials and workmanship for two years. The product must be properly sealed in order to protect equipment from the elements. Dri-Safe is not intended for prolonged submersion. Manufacturer's warranty is limited to replacement of Dri-Safe only and not to consequential damages.
