DOMKE®

THE SHOOTER'S BAG

PHOTOGRAPHY IS PASSIONATE. PHOTOGRAPHY IS RATIONAL. IT IS INSPIRATIONAL. IT IS BEAUTY MONTHS IN THE MAKING, CAPTURED IN HUNDREDTHS OF A SECOND. IT IS HIGH ART AND HARD REALITY. IT IS THE ENDLESS PLAY OF LIGHT AND SHADOW, OF CREATIVITY AND DISCIPLINE. PHOTOGRAPHY IS DIFFERENT FOR EVERYONE WHO HAS EVER PICKED UP A CAMERA. THAT'S WHY WE OFFER THE WORLD'S MOST VERSATILE COLLECTION OF PREMIUM BAGS AND ACCESSORIES. FROM THE RUGGED, FIELD-PROVEN CLASSIC DOMKE LINE TO OUR EXCITING QUEST, DIGITAL, URBAN AND ZING COLLECTIONS. PHOTOGRAPHY IS THE SHOOTER'S PASSION. AND DOMKE IS THE SHOOTER'S BAG.

## THEN AND NOW: THE "SHOOTER'S BAG" CONCEPT

When Jim Domke first designed his "Shooter's Bag," he never dreamed he'd actually started a photo bag business. As a staff photographer at the Philadelphia Inquirer, he was looking for a bag that he could use on the run, without having to unpack and pack for every shot. Most bags on the market were designed more like storage cases, with way too much padding. This made them too bulky and less practical, especially for a photographer whose next shot could pop up at any second.

The first bag Jim Domke created, the F-2, had the necessary cushioning, but with tons more room. It was designed so that a photographer could get at equipment instantly, without having to take the bag from their shoulder.

Thousands of photographers liked the Domke concept. What started out as a kitchen table experiment became a line of intelligently designed and executed bags and accessories that are recognized throughout the world as the photojournalist's choice.

Today, we've applied those same practical design sensibilities to create an extended family of bags and accessories to serve the needs of an expanding audience of photographers. On the following pages you'll see that in addition to our Classic Collection, our new Quest, Urban and Digital collections provide all types of shooters – professional, advanced amateur, and enthusiast – with a bag for every need. Each is loaded with innovative features and constructed of exceptional materials inside and out. Just like the original. We're excited about these great new products and think you will be too. Thanks for considering Domke, the Shooter's Bag.

## BEHIND OUR NEW DESIGNS

In planning for the expansion of the Domke product line, we searched the world over for design inspiration. We found it in the products of the respected Israeli firm KATA®. Well known as innovators in the design and manufacture of protection and carrying systems for the video production industry as well as military and law enforcement, the people at KATA® impressed us. They truly shared the Domke commitment to continuous design improvement, the use of exceptional materials and extraordinary craftsmanship. Having so much in common, we agreed to collaborate in the design, development and manufacturing process for the new DOMKE line. Not surprisingly, the results of this collaboration are outstanding, and represent the first of many collaborations to come.

### THE QUEST COLLECTION: FEATURE RICH AND FIELD-FRIENDLY

By far the largest of our new line extensions, this functional collection offers everything for the photographer in the field, including backpacks, chestpacks, shoulder bags, holsters, waist packs and pouches. Each is ergonomically designed for maximum comfort, freedom of movement and easy access to your gear. With tough Nycore shells with ripstop threads and a water-repellent exterior finish that can take a beating in any environment. *The Quest Collection: serious gear for the serious photographer.*

### THE URBAN COLLECTION: PORTABLE PROTECTION FOR THE PROFESSIONAL

Created to meet the exacting demands of the commercial photographer, these big bags are built to take a beating, so your gear doesn't have to. Every Urban bag was designed with maximum protection and ergonomics in mind, allowing you to carry medium format equipment into the toughest environments comfortably. *The Urban Collection: bags that can take it, anywhere you take them.*

### THE DIGITAL COLLECTION: CUTTING EDGE DESIGN FOR CUTTING EDGE PHOTOGRAPHERS

The advent of digital cameras has done more to change photography than anything since the first Kodak camera put picture taking in the hands of the masses. So we've created a line of camera bags, cases and accessories to provide the protection your sensitive digital gear deserves. Professionals and enthusiasts will find these bags functional in the extreme. *The Domke Digital Collection: high-quality protection for your high-definition images.*

#### STEVEN FRISCHLING, Wire-service Photographer

*"I beat on my equipment day-in and day-out, and trust my Domke bags to keep my gear protected—in fact, the only time I know my equipment is safe is when it's in my Domke."*

#### SUSAN BIDDLE, Photographer, Washington Post

*"Domke Bags keep all my equipment well organized, and are durable yet lightweight and soft—I wouldn't use anything else."*

IN CREATING “THE SHOOTER’S BAG” WE INCORPORATED DOMKE’S EXPERIENCE AND CLASSIC DESIGNS WITH INNOVATIVE PROTECTION & CARRYING SOLUTIONS. HERE ARE SOME OF DOMKE’S UNIQUE FEATURES:

### Domke's Carrying Solutions

 **PADDED MESH GRIP**  
The Padded Mesh Grip provides more comfort and stability, especially for the long haul. 

 **BACKPACK CARRYING SYSTEM.**  
Domke’s advanced backpack carrying system is based on years of experience in carrying heavy loads through rough terrain under harsh conditions. The system is constructed of 4 main components: ZIGZAG shoulder straps, BETA waist belt, OMEGA concealment compartment and aluminum staves or Delrin-rod weight distribution element (see page 15). 

 **DPB-40/50 DUAL PURPOSE BUCKLES**  
Rugged, light-weight aluminum (50) or Nylon (40) buckle, (Registered Design) which accepts either a snap-hook or the strap itself. Either option ensures that the shoulder strap will cross the shoulder at the optimum angle for comfort and stability. 

 **SHOULDER STRAPS** (see page 38)

- SOS - Adjustable shoulder strap
- SPAD - Thermoplastic padded shoulder strap
- BSS - “B” shaped shoulder strap
- NSS - Non-slip shoulder strap (patented)
- APSS - Advanced padded shoulder strap (patented)

**GRIPPER STRAPS**  
Gripper™ camera and bag straps constructed of cotton webbing with non-slip rubber tracks woven in (see page 35). 

 **INSERTROLLEY SYSTEM**  
This simple yet ingenious system allows you to slip the Trolley into the sleeve of the bag. 

 **MUX CONNECTOR SYSTEM**  
The Duraflex® Mod-U-Lox® Nylon attachment system that is modified by Domke to connect pouches to bags, backpacks, waist belts and shoulder straps. (see page 39). 

**GROOVY™**  
Two types of connecting slots: (1) open slots in Nylon hardware that let you thread through and attach the Domke Pod-Poc or other tripod straps, or (2) webbing that accepts both of these options as well as the MUX On-Strap Receiver (vertical) (see page 14).

 **IMAGE HUNTER™ SYSTEM**  
The Image Hunter™ system is completely modular and versatile. You can connect any bag or pack that is part of the system to another bag or link 2-3 bags together (see page 15). 

### Domke's Protection Solutions

 **TOBLERONE SHOCK ABSORBERS**  
Uniquely designed Toblerone feet absorb shocks and protect the bottom of your bag. 

 **PINADOMKE CORNERS**  
PINADOMKE Corners reinforce vulnerable areas on your bag and lessen wear and tear. 

**PADDED INSERT SYSTEM**  
The heart of the Classic collection, our patented design prevents small items from wandering between compartments, and allows you to pre-load and store your inserts outside of the bag (see page 33). 

**MODI-VERS - MODULAR DIVIDER SYSTEM**  
With these dividers you can create compartments inside the case that meet your exact requirements. You can easily cut and configure the size of the dividers (see page 38). 

**ECHO - EXTREME CONDITIONS HOOD**  
Made of Taffeta ripstop Nylon with weather-resistant treatment. One side is Black and the other side is reflective silver for hot days; the silver side can also be used as a light reflector. After use in rain you simply put it in the provided mesh pocket and hang it out on the bag (see page 37). 

 **FILTER SLEEVES**  
This vinyl flat sleeve opens by pressing the two edges of the spring metal leaf. The sleeve is color-coded for easy filter recognition (see page 36). 

### Domke's Materials

- 100% heavy cotton canvas wears like iron yet softens to hug your body.
- Nycore – durable, abrasion resistant 500/1000 Denier Nylon coated inside and out offers optimum weather-resistance.
- 1050, 1680 or 840 Denier Ballistic Nylon – one of the toughest materials available performs well even with hard use.
- Neoprene laminated with smooth nylon or Lycra® knit absorbs impact to protect gear.
- Heavy-duty, yet soft loop interior fabric protects sensitive equipment.
- 3-D Airmesh wicks away moisture.
- PP & PE rigid panels reinforce case walls.
- Closed-cell EPE-High Density padding offers added protection for your gear.
- Silent Action Auto-Recover YKK® zippers ensure smooth operation.
- Top quality Nylon or Delrin® Acetal hardware holds up even under the toughest conditions.

FIRST DESIGNED 25 YEARS AGO BY PHOTOJOURNALIST JIM DOMKE, CLASSIC COLLECTION BAGS ARE RUGGED, ROOMY, LIGHTWEIGHT, AND VERSATILE — THE EPITOME OF FORM FOLLOWING FUNCTION.

## The Classic Collection.

### Patented padded insert system

*This is the heart of any Domke bag. Our exclusive patented design allows you to preload and store your inserts outside of the Domke bag; always ready for transport.*

### Adjustable closures

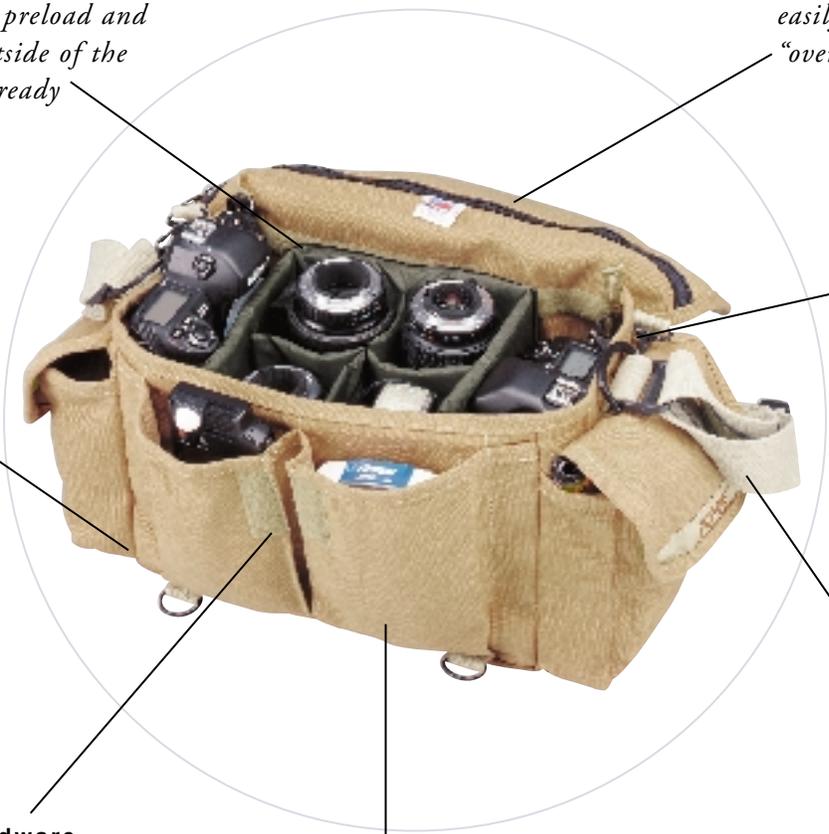

*Adjustable closures on the main flap allow you to easily close even the most “overstuffed” bag.*

### Padded Bottom

*Includes a removable padded bottom board or sewn in high-density closed-cell padding to protect your valuable equipment.*

### O-rings

*O-rings on back of bag for attaching optional Domke backpack strap.*

### Street Tough Hardware

*Indestructible steel snap hooks and extra wide Velcro® closures secure the main weather flap.*

### Battle Tested Materials

*Domke Classic Bags are made of the most durable materials available: either water-resistant heavyweight cotton canvas or tough-as-nails weatherproof 1050 Denier Ballistic Nylon.*

### Gripper™ Strap

*Adjustable no-slip Gripper shoulder strap sewn securely around the bag.*

#### STREET-TOUGH, TORTURE TESTED HARDWARE

Most of our bags feature “bomb-proof” steel snaphooks (a Domke hallmark), with welded steel rings, as the primary closure. It’s the toughest, most reliable, pilfer-proof yet quick-operating closure short of a padlock.

#### THE GRIPPER™- DOMKE'S ORIGINAL STRAP

We custom weave twin tracks of high-friction rubber into the thickest, toughest cotton webbing you’ve ever seen. It clings to the shoulder and runs completely around the bag for maximum security and support.

**F-1X Little Bit Bigger**

© Jim Domke, 1998

Just “a little bit bigger” than the original Domke F-2. Perfect for extended assignments or those which require extra equipment. More than enough room for three complete 35mm or medium format camera systems with motor drives, 9-13 lenses, 2 strobes, battery pack, small tripod, film, and accessories.

- Fifteen compartments and pockets.
- Patented four-compartment Padded Insert included.
- Four pockets under weather flap conveniently organize small items.
- Adjustable non-slip Gripper™ Strap is sewn completely around the bag.
- Removable padded bottom stiffener.
- Removable four-point carrying handle.
- Main compartment:  
17"L x 6.7"W x 9"D  
43 x 17 x 23 cm
- Weight 3 lbs. 4 oz.
- Black Ballistic Nylon.
- Canvas Colors: black, sand, navy.

**F-2 Original Domke**

The bag that started it all. Jim Domke had the first one custom made for his own use in 1976, and tens of thousands of bags later, the F-2 is still a popular Domke Bag. It is the faithful companion of professional photographers around the world. Can easily hold 2 cameras with or without motor drives, 6-10 lenses up to 300mm, flash unit, 10-20 rolls of film, and accessories.

- Twelve compartments and pockets.
- Patented four-compartment Padded Insert included.
- Adjustable non-slip Gripper™ Strap runs completely around the bag.
- Removable padded bottom stiffener.
- Removable hand carrying strap included.
- Main compartment:  
12"L x 6.5"W x 9"D  
30.5 x 16.5 x 23 cm
- Weight 2 lbs. 9 oz.
- Black Ballistic Nylon.
- Canvas Colors: black, sand, navy, olive.

**F-3X Super Compact**

The compact F-3X is the bag to grab when the assignment doesn't call for lots of equipment. The inside and outside dimensions are nearly identical, resulting in an inconspicuous bag that carries 1 or 2 cameras with or without motor drives, 3-4 lenses, flash, film, and accessories.

- Nine compartments and pockets, including Domke's “upside-down” zipper pouch inside the weather flap.
- Removable padded partition wall included.
- Adjustable non-slip Gripper™ Strap runs completely around the bag.
- Open cell foam liner in bottom adds cushioned support.
- Removable hand carrying strap can be used whether bag is open or closed.
- Main compartment:  
8.5"L x 5.5"W x 9"D  
21.5 x 14 x 23 cm
- Weight 2 lbs.
- Black Ballistic Nylon.
- Canvas Colors: black, sand, navy, olive.

© Garry Whiepley Photography

F-6 Little Bit Smaller

Exceptionally discreet bag with a low profile exterior. Similar to F-2 Original Bag, but scaled down for less equipment, such as 1 or 2 cameras with or without motor drives, 3-4 lenses, flash, film and accessories.

- Nine compartments and pockets include two full-length zippered pockets, and Padded four-compartment "short" Insert.
- Adjustable non-slip Gripper™ Strap.
- Main compartment: 12"L x 6"W x 7"D 30.5 x 15 x 18 cm
- Weight 1 lb. 14 oz.
- Black Ballistic Nylon.
- Canvas Colors: black, sand, navy.

F-4AF Pro System

Today's autofocus SLR bodies are larger than ever. Domke's answer is the ingenious F-4AF. It holds a Nikon F-4/F-5 or Canon EOS-1 with zoom lens mounted, two additional zoom lenses, flash, film, and accessories.

- Eight compartments and pockets.
- Large Padded Insert holds auto focus SLR/zoom lens in a "grab-and-shoot" position. Second insert holds extra lenses or pro flash.
- Adjustable non-slip Gripper™ Strap.
- Open cell foam liner sewn into bottom.
- Removable hand carrying strap.
- Main compartment: 9"L x 8"W x 11"D 23 x 20 x 28 cm
- Weight 2 lb. 7 oz.
- Canvas Colors: black, sand, navy.

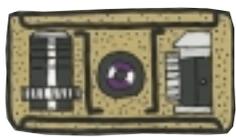

F-5XB Shoulder/Belt

Use this versatile carrying case as a camera bag, or remove the Gripper™ Shoulder Strap and thread a belt through for an instant waist pack that holds an SLR or rangefinder camera, 1 or 2 lenses, filters, film and accessories.

- Seven compartments and pockets.
- Padded main compartment lined with Velcro compatible material has two removable padded divider walls.
- Main compartment: 10.5"L x 4.5"W x 6.5"D 26.5 x 11.5 x 16.5 cm
- Weight 1 lb. 5 oz.
- Canvas Colors: black, sand, navy.

SUGGESTED ACCESSORIES:	AVAILABLE COLORS:					
<ul style="list-style-type: none"> <li>• Accessory Pouches</li> <li>• Shoulder Pad</li> <li>• Additional Padded Inserts</li> <li>• Color Coded Protective Wraps</li> </ul>	BLACK BALLISTIC	BLACK	OLIVE	NAVY	EMERALD	SAND

**F-7 Double AF**

Built to carry two complete professional 35mm setups, the F-7 has room for two big SLRs with motor drives and zooms attached (up to 80-200mm), plus 2 or more additional lenses, flash, film, and accessories. An adjustable belt system works with the Gripper™ Strap to keep even a fully-loaded F-7 snug against your hip.

- Also great for medium format systems.
- Fourteen compartments and pockets.
- Three Padded Inserts include: two large single-compartments for cameras, and a two-compartment for extra lenses.
- Adjustable Gripper™ Strap runs completely around bag, double-tracked on bottom for added strength and support.
- Removable, adjustable belt features side-release buckle and accessory/ key clip.
- Removable padded floor support and carrying handle.
- Three see-through mesh accessory pockets sewn into weather flap.
- Main compartment: 14"L x 7"W x 11"D  
35.5 x 15 x 28 cm
- Weight 4 lb. 5 oz.
- Canvas Colors: black, sand.

**PhoTOGS™ Vest**

The ultimate combination of fashion and function for the active photographer or outdoor enthusiast!

- 100% cotton, pigment-dyed.
- Attractive natural color. A hint of olive/gray makes this vest a handsome, neutral-tone garment.
- Cotton mesh panels at yoke and back provide cooling ventilation.
- Pockets, pockets, everywhere: cargo, handwarmer and zippered. (18 in all!)
- Shoulders are padded and quilted.
- Heavy-duty double-pull zipper provides an adjustable closure for greater comfort.
- Available Sizes: S, M, L, XL and XXL.
- Color: Khaki Only.

**PhoTOGS™ Jacket**

If you're outdoors shooting, hiking, birding or touring, the PhoTOGS Jacket/Vest has 16 pockets to keep your gear easily accessible. There's plenty of room for cameras, lenses, flash, filters, binoculars, maps, and just about anything else you want to "wear."

- Zip-off sleeves, convert jacket to a vest.
- Stowaway nylon hood inside zippered collar.
- Two hidden zippered pockets for passports, tickets, cash, etc.
- Roomy, bellows-style cargo pockets.
- Jacket and lining are 100% cotton, pigment dyed and pre-washed. Neutral khaki with an olive/gray tint.
- Handwarmer pockets under cargo pockets.
- Color: Khaki Only.

- SMALL (36-38 CHEST)**
- MEDIUM (40-44)**
- LARGE (44-48)**
- X-LARGE (50-52)**
- XX-LARGE (54-56)**

**SUGGESTED ACCESSORIES:**

- Accessory Pouches
- Shoulder Pad
- Additional Padded Inserts
- Color Coded Protective Wraps

**AVAILABLE COLORS:**

### F-802 Reporter's Satchel

Is it a briefcase, camera bag, or laptop computer bag? With its main compartment, enormous cargo pockets, and zippered pouches, many photographers find the F-802 perfect for carrying a notebook or laptop computer, books and paperwork, photo accessories, office supplies, and documents.

- Seven compartments and pockets, including two expandable cargo pockets with individual weather flaps.
- Padded side walls and bottom, rigid top panel.
- Reinforced handle is box-stitched to top of bag.

- Adjustable Gripper™ Shoulder Strap is sewn completely around the Satchel for support.
- Main compartment: 15.5"L x 4"W x 12"D  
39.5 x 10 x 25.5 cm
- Weight 2 lbs. 8 oz.
- Canvas Colors: black, sand, navy, olive.

### F-803 Camera Satchel

This smallest Domke Satchel has gained a large following among photographers who don't want to call attention to their expensive equipment. Can hold 2 or 3 cameras, 1 or 2 extra lenses, and accessories. Also great for business and travel items.

- Seven compartments and pockets.
- Includes movable/removable one compartment Padded Insert.
- Full-length Velcro strips inside main compartment accept additional Padded Inserts.
- Padded side walls and bottom protect equipment.

- Adjustable Gripper™ Shoulder Strap runs completely around Satchel.
- Main compartment: 13"L x 4"W x 9"D  
33 x 10 x 23 cm
- Weight 1 lb. 15 oz.
- Canvas Colors: black, sand, navy, olive.

### F-804 Super Satchel

Here's a bag that's big and versatile enough to carry professional studio lighting equipment, or a couple of 11" x 14" print storage cases, or a light table and slides or 2 compact studio strobe heads and power pack, or 4" x 5" field camera and lenses, or laptop computer and portable printer.

- Seven compartments and pockets including two expandable cargo pockets with individual weather flaps.
- Velcro strips inside main compartment accept most Domke Padded Inserts.
- Adjustable Gripper™ Shoulder Strap sewn completely around Satchel.
- Main compartment: 15"L x 6.5"W x 12.5"D  
38 x 16.5 x 31.5 cm
- Weight 3 lbs. 1 oz.
- Canvas Colors: black, sand.

### F-805 Courier Satchel

The ultimate Domke Satchel for work or travel. Lots of big and small pockets in a bag that fits under an airline seat. Can hold a laptop computer and accessories, documents and travel necessities. Also well suited for medium and large format cameras.

- Thirteen compartments and pockets. Includes Domke's Under Cover Organizer™, which stores smaller items in specially designed compartments under the main flap.
- Velcro strips inside main compartment hold Padded Inserts to create a customized bag.
- Lightweight internal panels keep bag upright for easier access.
- Fully lined, lightly padded interior.
- Gripper™ Shoulder Strap attaches with heavy-duty Fastex buckles, can be stored when not in use.
- Main compartment: 15"L x 6.5"W x 12.5"D  
38 x 16.5 x 31.5 cm
- Weight 3 lbs. 11 oz.
- Canvas Colors: black, sand.

### F-806 Bureau Chief Satchel

Designed with today's multimedia, multi-task photographer in mind, the F-806 features a main compartment big enough for any notebook computer, portable printer or scanner, as well as cords and adapters. A zippered flap conceals pockets for cell phone, calculator, note pad, pens, keys and other items. Works equally well as an everyday briefcase or carry-on bag.

- Twelve compartments and pockets, including four zippered compartments. Drop-down flap reveals five accessory compartments and see-through mesh pocket.
- Detachable, adjustable Gripper™ Strap secured by swivel hooks to prevent twisting.
- Main compartment: 16"L x 4"W x 12"D  
40.5 x 10 x 30.5 cm
- Weight 2 lbs. 2 oz.
- Canvas Colors: black.

## JOURNALIST SERIES

Based on input from some of the world's top photographers, the Journalist—or J-Series—Bags maintain the “function-first” philosophy of Jim Domke, while adding some new touches, such as a more versatile Padded Insert system and removable “armor” panels for extra protection. All J-Series bags are made of super-tough 1050 denier ballistic nylon. They come in black only, with muted labeling—so the whole world doesn't know you're carrying expensive photo equipment.

J-1

Inside you'll find a taller, bigger main compartment to fit bigger cameras with lens attached. The adjustable Padded Insert has two movable divider walls so you can arrange the main compartment any way you like. Two more Padded Inserts can go into the large end pockets. J-1 easily holds two camera bodies with motor drives, 4 to 6 AF lenses, flash, meter, film, filters and more.

- Main compartment lined with Velcro loop so dividers can be positioned anywhere.
- Padded, fitted main flap shields equipment from the weather.
- Adjustable, non-slip Gripper Strap sewn around the bag.
- Fitted end pocket flaps with Velcro closures. Thumb-release buckles add extra security.
- Steel snaphooks and extra-wide Velcro closures secure the main flap.
- Rubber treads and removable bottom board cushion equipment.
- Main compartment: 14"L x 6.5"W x 11"D  
35.5 x 16.5 x 28 cm
- Weight: 4 lbs. 2 oz.

J-2

The J-2 is very similar to the J-1 in form, function, and feature, the key difference being the J-2's smaller size. It's 2" smaller in length and height to accommodate slightly smaller camera systems than the J-1.

- 14 compartments and pockets, in total, including two large front pockets and two end pockets.
- Removable floor board has rigid polyethylene panel and padding.
- Carrying strap with leather grip makes it easy to “grab and go”.
- Main compartment: 12"L x 6.5"W x 9"D  
30.5 x 16.5 x 23 cm
- Weight: 3 lbs. 13 oz.

J-3

A “super compact” part of the J-Series that's just the right size when you want to travel light to a shoot, but still have all the basics with you. Has the same materials and styling as the J-1 and J-2. Can hold 1 or 2 cameras with or without motor drives, 3 or 4 lenses, flash, film and filters.

- 9 compartments and pockets.
- Main compartment is lined with Velcro loop. Two movable padded divider walls can be used to customize the space.
- Two large end pockets with fitted weather flaps have Velcro closures and thumb-release buckles.
- Each end pocket has its own removable Padded Insert.
- Closed-cell foam in bag bottom provides extra cushioning.
- Adjustable non-slip Gripper Strap sewn around entire bag.
- Main compartment: 9"L x 7"W x 9"D  
23 x 18 x 23 cm
- Weight: 2 lbs. 11 oz.

**SUGGESTED ACCESSORIES:**

- Accessory Pouches • Shoulder Pad
- Additional Padded Inserts
- Color-Coded Protective Wraps

**AVAILABLE COLOR:**

**BLACK BALLISTIC**

**J-Series Long Lens Bags**

Designed specifically to protect cameras with a very long lens attached, stored vertically for faster access. Polyethylene "armor" panels and 3/8" closed-cell foam padding protect all sides. A 45-degree angle zippered main compartment allows quick access to and sure handling of the lens barrel.

- Expandable front pocket with fitted weather flap.
- Zippered rear pocket.
- Adjustable 2" Gripper Shoulder Strap sewn all around bag.
- Velcro straps on side to hold monopod.
- Reinforced carrying handle.

**J-300**

• 7"L x 8"W x 12"D  
18 x 20 x 30.5 cm  
For camera with lens up to 300mm.

**J-400**

• 7"L x 8"W x 18"D  
18 x 20 x 46 cm  
For camera with lens up to 400mm.

**J-600**

**J-803 Digital Satchel**

The first J-Series satchel, designed to carry the laptops, electronic organizers and digital cameras that are becoming standard equipment for today's photographer. For long-term durability, the outer shell is 1050 denier ballistic nylon, with 420 denier oxford nylon on the back panel.

- 11 compartments and pockets, plus a Padded Insert.
- Large front pocket for laptop or files.
- 2 Velcro-flap front pockets for camera bodies, lenses or flash.
- Large weather flap with swivel. snaphooks covers main compartment, laptop pocket and both Velcro-flap pockets.
- 3 zippered pockets on weather flap.
- Elastic pockets inside Velcro-flap pockets hold organizers, pagers, pens/pencils and calculators in place.
- Detachable, non-slip shoulder strap and leather-grip hand strap.
- Dimensions:  
13.5"L x 4.5"W x 10"D  
34 x 11.5 x 2.5 cm
- Weight: 2 lbs. 3 oz.

**J-Series Belt Bag**

Compact, multi-purpose bag designed to protect small and medium-size digital and point-and-shoot cameras, film backs, and binoculars. External pockets are useful for carrying batteries, film, filters, notepads and other items.

- Fully lined main compartment comes with removable Padded Insert.
- 4 additional pockets.
- Padded weather flap has a Velcro closure and thumb-release buckle.
- Double loop allows Belt Bag to attach to belt or a larger bag.
- Steel O-rings enable attachment of shoulder strap.
- Dimensions:  
7"L x 7.5"W x 2.5"D  
18 x 19 x 6.5 cm
- Weight: 8 oz.

**SUGGESTED ACCESSORIES:**

- Accessory Pouches • Shoulder Pad
- Additional Padded Inserts
- Color Coded Protective Wraps

**AVAILABLE COLOR:**

**BLACK BALLISTIC**

DESIGNED TO MEET THE NEEDS OF THE SERIOUS PHOTOGRAPHER, THE TOUGH, PRACTICAL, AND COMFORTABLE DOMKE QUEST COLLECTION IS OUR MOST COMPREHENSIVE LINE OF TRANSPORT AND PROTECTION SOLUTIONS.

## The Quest Collection.

### **Filter Sleeves**

*This flat vinyl sleeve can be threaded onto a built-in hook and loop attachment inside many DOMKE bags. Color coded for easy filter recognition and designed with a spring-snap closure to keep your filters safely in place. 3 sizes: up to 43, 62 and 82mm.*

### **Padded Mesh Grip**

*The Padded Mesh Grip provides more comfort and stability, especially for the long haul.*

### **Yel-loop**

*Bright Yellow loop interior fabric is used for easy identification of contents. You can fasten dividers (Modi-vers) to the loop fabric on the padded inside walls to customize each bag or pack to fit your equipment.*

### **Ergonomic Design**

*After years of experience in the field, ergonomic features have been incorporated into the bag and packs to ease the burden of carrying a heavy load and to keep equipment well organized, protected and easily accessible at all times.*

### **Groovy™**

*Two types of connecting slots: (1) open slots in Nylon hardware that let you thread through and attach the Domke Pod-Poc or other tripod straps, or (2) webbing that accepts both of these options as well as the MUX On-Strap Receiver (vertical) (see page 39).*

### **Toblerone Shock Absorbers**

*Uniquely designed Toblerone feet absorb shocks and protect the bottom of your bag. Made of durable Thermoplastic rubber.*

#### **MODI-VERS - MODULAR, VERSATILE DIVIDER SYSTEM**

With these dividers you can create compartments inside the case that meet your exact requirements. You can easily cut and configure the size of the dividers.

#### **ECHO™ - EXTREME CONDITIONS HOOD**

Made of Taffeta ripstop Nylon with weather-resistant treatment. One side is black and the other side is reflective silver for hot days and can also be used as a light reflector.

**Image Hunter™ System**

The “Image Hunter” system is completely modular and versatile. You can connect any bag or pack that is part of the system to another bag or link 2-3 bags together. All you have to do is to connect the yellow linking loops with the special Duraflex® buckle – and you’re ready to go.

*Attach a Domke backpack– Armadillo, Iguana or Spider– when you are out for an extended shoot or if you need more photo equipment, hiking gear and personal items.*

*Giraffe chest pack takes the camera load off your neck, but still lets you “quick-draw” your camera so you won’t miss the shot of your life!*

*Simply slip-in and clip the Duraflex® buckle and attach any two bags or packs to create the desired Image Hunter™ configuration.*

*Connect the Toad or Roo waist packs to carry your photo gear and accessories. Keeps your equipment and personal necessities close at hand.*

Instead of carrying one big backpack, the Image Hunter System enables you to attach a smaller backpack, like the Spider, to the Toad or Roo waist packs. This configuration lets you create a bigger backpack that has better weight distribution between the shoulders and the waist. The waist pack’s main compartment stays accessible – no need to detach the bags.

**Backpack Carrying System**

Domke’s advanced backpack carrying system is based on years of experience in carrying heavy loads in rough terrain and under harsh conditions. The system is constructed of 4 main components:

- ZIGZAG shoulder straps
- BETA waist belt
- OMEGA concealment compartment
- Aluminum-staves or Delrin-rod weight distribution element

- Ⓩ ZIGZAG - Ergonomic Backpack Straps are adjustable to fit all sizes, both female and male. Includes height/length adjustable sternum strap and two stabilizing adjusters on each strap for better weight distribution. Consists of three layers of padding: Polyethylene EVA-foam + PU open cell + 3-D Airmesh.
- ⓑ BETA - Six-point adjustable waist belt includes 2 movable parts and 4 adjustable straps that allow the pack to rest squarely on your hips to give you optimum weight distribution. BETA is constructed of 4 layers- Shaped PP board + Polyethylene EVA-foam + PU open cell + 3-D Airmesh.
- Ⓞ OMEGA - Omega shaped concealment system -gives you rapid access to the harness and waist belt and allows easy repacking when not needed. Omega back panel stays intact and hides the carrying system when not in use. Made of 3-D Airmesh to wick away moisture.

**Spider 11**

**Spider 10**

- DOMKE'S UNIQUE FEATURES:**
- ▶ Ergonomic Backpack Straps
  - ▶ Harness Concealment System
  - ▶ Filter Sleeve - 62mm
  - ▶ Padded Mesh-Grips (2)
  - ▶ Image Hunter™ Compatible
  - ▶ Toblerone - Shock Absorbers
  - ▶ MUX On-Strap Receiver (vertical)
  - ▶ ECHO-BP-10 - Extreme Conditions Hood
  - ▶ Groovy - Connecting Slots on side and front
  - ▶ Modi-vers - Modular Versatile Divider System and Yel-loop

Compact backpack cleverly designed to give instant access to individual pieces of equipment—or access to the entire pack at once. A central compartment with separate zipper opening holds an SLR with up to a 300mm lens attached or a medium format camera. Surrounding compartments can be customized to hold a variety of lenses, flash and accessories.

- Ideal for for an SLR body with 80-200/f2.8 or 300mm lens attached and an extra SLR body with 4 to 5 lenses.
- Design offers quick access to your primary camera and lens without opening the entire pack.
- 3-D Air Mesh and contoured padding provide lower back support.
- Backpack offers you three transport options: (1) on your back, or (2) with optional shoulder strap, or (3) hand-carrying using the attached handles.
- Interior Dimensions:  
12"W x 4"D x 14"H  
30.5 x 10 x 35.5 cm

- SUGGESTED ACCESSORIES:** (see page 36)
- Pod-Poc - Tripod Pocket and harness
  - BSS - B Shaped Shoulder Strap
  - Modi-vers Kit
  - Cub Pouches, Film Fly Trap and other pouches

Similar in design to the Spider 10 but with an updated diagonal sling strap instead of a harness system. The sling strap can be opened and adjusted to put the pack on, and a side strap can be buckled to it for additional support.

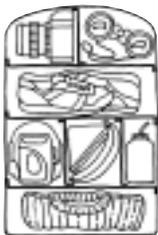

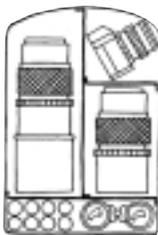

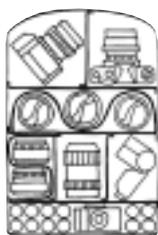

- DOMKE'S UNIQUE FEATURES:**
- ▶ Filter Sleeve - 62mm
  - ▶ Padded Mesh-Grips (2)
  - ▶ Toblerone - Shock Absorbers
  - ▶ Groovy - Connecting Slots
  - ▶ Modi-vers - Modular Versatile Divider System and Yel-loop

- SUGGESTED ACCESSORIES:** (see page 36)
- ECHO-BP-10 - Extreme Conditions Hood
  - MUX On-Strap Receiver (vertical)
  - Modi-vers Kit

Exterior Colors Available: Black/Lagoon (as shown), or Black

## Armadillo 30

Armadillo holds all you'll need for a full day or more in the great outdoors, and distributes the weight evenly by utilizing an advanced harness system. It can be adjusted in two ways: by the height of the ZigZag shoulder straps and by the length of the Beta waist belt. Two S-shaped internal aluminum staves support your back and shift the weight from your back to your hips. The harness packs away easily into a zippered expandable pocket.

For storage, there's a modular compartmentalized packing system that lets you

access equipment by opening only the compartment or pocket needed. The top compartment features a dual zipper top flap with side release buckle closure for alternate access to camera compartment.

- Ideal for SLR, medium format or 4" x 5" field camera systems. Holds SLR body with up to 600mm/f4.0 lens attached.
- Designed for upright use.
- External multi-pocket organizer compartment for office items.
- Expandable side pocket.
- Domke ID Window.
- Interior Dimensions: 14"W x 6"D x 22"H  
35.5 x 15 x 56 cm

### DOMKE'S UNIQUE FEATURES:

- ▶ Ergonomic Backpack Straps  
Beta - Weight Distribution (B) Waist Belt
- ▶ Omega - Harness Concealment System  
InserTrolley compatible (INSERTROLLEY)
- ▶ 3 Filter Sleeves - 43, 62, 82mm  
2 Padded Mesh-Grips - on side and top
- ▶ Image Hunter™ compatible  
2 Aluminum DPB-50
- ▶ Toblerone - Shock Absorbers  
MUX On-Strap Receiver (vertical)
- Groovy - Connecting Slots
- Modi-vers - Modular Versatile Divider System and Yel-loop
- ECHO-BP-30 - Extreme Conditions Hood
- Pod-Poc - Tripod Pocket and harness

### SUGGESTED ACCESSORIES:

(see page 36)

- NSS/APSS -Padded Shoulder Strap
- Modi-vers Kit
- Film Ant Trap
- Film Fly Trap and other pouches

## Iguana 20

This innovative design is a refreshing departure from the typical photo daypack. The backpack offers a dual zipper approach: easy access to each compartment or access to all your equipment at once. It has two roomy, padded compartments with separate zipper openings. Top compartment has additional exterior bellows pocket. An advanced harness system, along with the external Delrin rod that arcs around the outer edge of the pack, shifts the weight from your shoulders to your hips.

- Ideal for 2 large SLR bodies with up to 8 lenses, a flash and accessories. Accommodates an SLR body with 400mm/f2.8 lens attached.
- Offers a variety of access options to load or unload equipment.
- Two internal mesh pockets.
- Interior Dimensions: 13"W x 6"D x 20"H  
66 x 30.5 x 51 cm

### DOMKE'S UNIQUE FEATURES:

- ▶ Ergonomic Backpack Straps  
Beta -Weight Distribution (B) Waist Belt
- ▶ Omega - Harness Concealment System  
Filter Sleeves - 43, 62, 82mm
- ▶ Padded Mesh-Grip  
Image Hunter™ compatible
- ▶ Toblerone - Shock Absorbers  
MUX On-Strap Receiver (vertical)
- Groovy - Connecting Slots
- Modi-vers - Modular Versatile Divider System and Yel-loop
- Pod-Poc - Tripod Pocket and harness

### SUGGESTED ACCESSORIES:

(see page 36)

- Modi-vers Kit
- Lens Duffels
- Film Ant Trap
- Film Fly Trap and other pouches

(See pg. 14 for more Iguana features)

Exterior Colors Available: Black/Lagoon (as shown), or Black

© Gary Wiedeply Photography

### Giraffe

This chest pack keeps your equipment close at hand. With camera and lens secure, the quick-draw camera pouch stores them safely and takes the weight off your neck, yet gives you easy access when needed. The uniquely designed hook and loop protective lens sleeve can be adjusted to accommodate various lens sizes.

- Right-side, zippered, expandable pocket holds Domke filter sleeves, unexposed film rolls and other accessories.
- Exposed film rolls can be inserted into left-side pocket.
- Adjustable back with mesh keeps you cool and comfortable
- Size: One size fits Small to XL

**DOMKE'S UNIQUE FEATURES:**

- ▶ Filter Sleeve - 62mm
- ▶ Image Hunter™ Compatible

Exterior Colors Available: Black/Lagoon (as shown), or Black

### Roo 20

This convenient hands-free waist pack with roomy main compartment is made to handle an SLR system with two extra lenses. Large front zippered pocket holds flash, film and other accessories. Non-slip strips and 3-D Air Mesh keep Roo secure and comfortable against your body.

- Two mesh side pockets for notebook, pens, pencils or maps.
- Padded adjustable waist belt offers balanced weight distribution.
- Interior Dimensions: 13"W x 9"D x 7"H 33 x 23 x 18 cm

**DOMKE'S UNIQUE FEATURES:**

- ▶ Padded Mesh-Grip MUX On-Bag Receiver
- ▶ Image Hunter Compatible
- Modi-vers - Modular Versatile Divider System and Yel-loop

**SUGGESTED ACCESSORIES:** (see page 36)

- ECHO-SB-10 - Extreme Conditions Hood
- Modi-vers Kit
- Film Ant Trap
- Lens Duffels
- Digit or other pouches

### Toad 20

This compact waist pack holds a complete SLR system. A zippered pocket up front holds film, batteries and other accessories. Even when the top padded weather flap is open, this front pocket is accessible from the main compartment. Two expandable side pockets hold extra lenses, a water bottle, or other necessities. Internal mesh pockets on lid offer additional storage.

- Top cover unzips away from your body for easy access to equipment.

- Ergonomic design provides optimum weight distribution.
- Two adjusting loops on belt ensure snug fit against body.
- Interior Dimensions: 9.5"W x 5"D x 5.5"H 25 x 13 x 14 cm

**DOMKE'S UNIQUE FEATURES:**

- ▶ Padded Mesh Grip
- Image Hunter™ compatible
- Modi-vers - Modular Versatile Divider System and Yel-loop
- Groovy - Connecting Slots
- ECHO-SB-10 - Extreme Conditions Hood

**SUGGESTED ACCESSORIES:** (see page 36)

- Modi-vers Kit
- Film Ant Trap

## Cub 10, 20, 30

Cub bags are available in three sizes to accommodate a variety of SLR camera systems and accessories. A back “service door” opens a lower compartment that can hold a flash, light meter and additional accessories. If needed, the lower divider can be removed to create a larger main compartment.

- Cub 10 is suitable for SLR with lens attached and additional 1-2 lenses and flash.

- Cub 20 and 30 versions are designed for 2 SLR bodies, 2-5 lenses and flash.
- As an option, specially designed pouches can be attached to both ends of each bag, utilizing the MUX On-Bag Receiver.
- Can be worn as a waist pack when using the rear belt tunnel (Belt is optional).
- Padded, top flap unzips away from your body for easy access to equipment.

### Interior Dimensions:

Cub 10: 8.25"W x 5.5"D x 6.5"H  
21 x 14 x 16.5 cm

Cub 20: 9.75"W x 5.5"D x 6.5"H  
25 x 14 x 16.5 cm

Cub 30: 11.5"W x 5.5"D x 6.5"H  
29 x 14 x 16.5 cm

### DOMKE'S UNIQUE FEATURES:

- ▶ Filter Sleeve - 62mm
- ▶ SPAD/BSS/NSS - Padded Shoulder Straps
- ▶ ECHO-SB-10 - Extreme Conditions Hood
- ▶ PIPAD - Padded Pipe Handle
- ▶ Modi-vers - Modular Versatile Divider System and Yel-loop
- ▶ MUX On-Bag Receiver

### SUGGESTED ACCESSORIES: (see page 36)

- Modubelt - Adjustable waist belt 40mm/1.5"
- MUX On-Strap Receiver (vertical)
- Modi-vers kit
- Cub pouches and other pouches

## Anaconda 10, 20

The perfect shoulder bag for photographers on the go. Designed and built so you can “shoot from the hip.” The spacious main compartment can be customized to your specific equipment needs. The top flap unzips away from your body for easy access to your equipment and can be quick buckled instead of zippered to keep contents protected.

- Anaconda 10 ideal for 1-2 SLR bodies with 2-4 lenses, flash and accessories.
- Anaconda 20 ideal for 2 SLR bodies with 4-6 lenses, flash and accessories.

- Curved shape on back of bag hugs your body, and the waist belt gives you additional stability.
- 3-D Air Mesh padding on back wicks away moisture.
- Waist belt tucks away when not in use.
- Includes 5 additional large exterior pockets.
- Interior Dimensions:  
Anaconda 10: 12.5"W x 8.5"D x 8"H  
31.75 x 21 x 20 cm  
Anaconda 20: 14"W x 9.5"D x 9"H  
35.5 x 24 x 23 cm

### DOMKE'S UNIQUE FEATURES:

- ▶ 3 Filter Sleeves - 43, 62, 82mm
- ▶ ECHO-SB-20 - Extreme Conditions Hood
- ▶ Padded Mesh-Grip BSS/NSS - Padded Shoulder Strap
- ▶ Modi-vers - Modular Versatile Divider System and Yel-loop
- ▶ Domke ID Window
- ▶ Toblerone - Shock Absorbers
- ▶ DPB-40 - Dual Purpose Buckle (Nylon 40MM)
- ▶ Groovy - Connecting Slots
- ▶ MUX On-Bag Receiver

### SUGGESTED ACCESSORIES: (see page 36)

- Film Ant Trap
- MUX On-Strap Receiver (vertical)
- Modi-vers kit
- Film Fly Trap
- Lens Duffels and other pouches

Exterior Colors Available: Black/Lagoon (as shown), or Black

**Bug Bag 10, 20, 30**

Bug Bags have it all – smart functional design, ergonomic shape and up-to-date styling. The main compartment accommodates everything from an SLR camera with zoom lens attached to 2 SLR bodies and 3-5 lenses with a flash unit – just pick the model that suits your needs. Bug Bag offers a variety of pouches and pockets but still maintains its sleek design. The front flap has an additional flat pocket along with mesh pockets and for even more storage, you have two elastic side pockets and a back zipper pocket.

- Bug Bag 10 accommodates a 35mm body with up to two lenses or flash, and accessories.
- Bug Bag 20 has plenty of space for an SLR with 3-4 lenses, flash, filters, film and other accessories.
- Bug Bag 30 stores 1-2 SLR bodies with 3-5 lenses, flash, filters and many more accessories.
- Curved zippered front flap allows easy access.
- Main weather flap is uniquely designed: it can be closed by a central side-release buckle and by a weather-protected zipper.
- Extra features include mini-pod straps and a small pocket on the top flap with filter sleeves inside it.
- The 3-D Air Mesh back is curved to fit snugly on your hip when carried by the shoulder strap or by a waist belt (optional).

- Interior Dimensions:  
Bug Bag 10: 5"W x 3"D x 7"H  
21 x 14 x 16.5 cm
- Bug Bag 20: 9.5"W x 5.5"D x 8"H  
24 x 14 x 20.25 cm
- Bug Bag 30: 10.5"W x 5.5"D x 8.5"H  
26.5 x 14 x 21.5 cm

**DOMKE'S UNIQUE FEATURES:**

- ▶ Filter Sleeve - 62mm (in Bug Bag 20, 30 only).
- ▶ Padded Mesh-Grip
- ▶ SPAD - Thermoplastic Pad Shoulder Strap (Bug Bag 10)
- ▶ BSS - B Shaped Padded Shoulder Strap (Bug Bag 20)
- ▶ APSS/NSS - Padded Shoulder Strap (Bug Bag 30)
- ▶ Modi-vers - Modular Versatile Divider System and Yel-loop
- ▶ DPB-40 - Dual Purpose Buckle (Nylon 40mm)

**SUGGESTED ACCESSORIES:** (see page 36)

- Modubelt
- MUX On-Strap Receiver (vertical)
- Film Ant Trap
- ECHO-SB-10/20 - Extreme Conditions Hood

**P&S 10 & 20**

Domke's uniquely designed point-and-shoot cases protect your camera and keep it close at hand. The distinctive side opening provides optimal coverage for your camera as well as easy access.

- Interior Dimensions:  
P&S 10: 1.75"W x 2.5"D x 4.75"H  
4.5 x 6.5 x 12 cm
- P&S 20: 3"W x 2.5"D x 5.5"H  
7.5 x 6.5 x 14 cm

**DOMKE'S UNIQUE FEATURES:**

- ▶ MUX Pouch Connector and On-Belt Receiver
- ▶ Cliploop - Backup strap with snap-hook

**Ratpack 20**

This multipurpose pack is great for keeping all kinds of photo, electronic and travel essentials close at hand. It holds a variety of products from small cameras, cell phones or PDA's to film, filters, or passports.

- Padded main compartment with 5 assorted-size pockets.
- Expandable front pocket with hook and loop fastener.
- Interior Dimensions:  
6"W x 2.5"D x 9"H  
15 x 6 x 23 cm

**DOMKE'S UNIQUE FEATURES:**

- ▶ MUX Pouch Connector and On-Belt Receiver
- ▶ Cliploop - backup strap with snaphook
- ▶ SOS - Adjustable Shoulder Strap

Exterior Colors Available: Black/Lagoon (as shown), or Black

## Bulldog 10, 20

The Bulldogs offer a topload option for your SLR camera with a zoom lens and also store flash, film and accessories. A special arched frame keeps the camera in place. The lower part of the Bulldog can be customized to fit an additional lens or flash unit and can be opened separately. Domke Filter Sleeves can be organized in the Bulldog's lid.

- Bulldog 10 ideal for an SLR body with a small-to-medium zoom lens.
- Bulldog 20 ideal for an SLR body with attached 80-200/f2.8 lens.
- Spring-back carry handle offers an easy grip and lies flat when not in use.
- Transport options include wearing the Bulldog on your belt, across the chest or around the neck.

- To keep Bulldog close to your body when around your neck, slide a waistbelt through the bottom loop.
- Interior Dimensions:  
Bulldog 10: 8"W x 5"D x 8"H  
20.25 x 12.75 x 20.25 cm  
Bulldog 20: 8"W x 5"D x 10.5"H  
20.25 x 12.75 x 26.50 cm

**DOMKE'S UNIQUE FEATURES:**

- ▶ Filter Sleeve - 62mm
- ECHO-PC-20 - Extreme Conditions Hood
- ▶ BSS - B-shaped padded shoulder strap
- MUX Dual Pouch Connector and Dual On-Belt Receiver (for on belt use)
- Cliploop - backup strap with snaphook
- ▶ MUX On-Bag Receiver (for additional pouches)

**SUGGESTED ACCESSORIES:** (see page 36)

- Modubelt - Adjustable waist belt 40mm/1.5"
- Lens Duffels and other pouches

## DuckHead 10, 20

Holster case holds your camera and lens while you're carrying it, and lets you "quick draw" when you need to. Holds an SLR camera with lens attached. The case is thermoform-molded to provide

"hard shell" protection, with interior padding. Front flap can be unzipped partially to access camera with lens or totally to access lower compartment.

- Thermoform-molded "hard-shell" protection.
- "Autolock" zipper with easy grip slider opens only when slider is pulled.
- Curved-shape back conforms to hip.
- Interior Dimensions:  
Duckhead 10: 5.5"W x 4.5"D x 9"H  
14 x 11.5 x 23 cm  
Duckhead 20: 5.5"W x 4.5"D x 11.25"H  
14 x 11.5 x 28.5 cm

**DOMKE'S UNIQUE FEATURES:**

- ▶ SPAD- Adjustable shoulder strap
- MUX Dual Pouch Connector and Dual On-Belt Receiver
- Cliploop - Backup hand strap with snap-hook

**SUGGESTED ACCESSORIES:** (see page 36)

- Modubelt - Adjustable waist belt 40mm/1.5"
- ECHO-PC-20 - Extreme Conditions Hood

Exterior Colors Available: Black/Lagoon (as shown), or Black

IF YOUR BAGS CAN'T TAKE A BEATING YOUR GEAR EVENTUALLY WILL. THE DOMKE URBAN COLLECTION IS DESIGNED TO SURVIVE THE ROUGH AND TUMBLE WORLD OF THE COMMERCIAL PHOTOGRAPHER.

## The Urban Collection.

### **Patented Interlocking Handles**

*The extra-long handles have been designed for safe carrying and optimal comfort. Put the two handle grips together and hook and loop material holds them fast.*

### **MODI-VERS - Modular, Versatile Divider System**

*With these dividers you can create compartments inside the case to meet your exact requirements.*

### **Groovy™**

*Two types of connecting slots: (1) open slots in Nylon hardware that let you thread through and attach the Domke Pod-Poc or other tripod straps, or (2) webbing that accepts both of these options as well as the MUX On-Strap Receiver (vertical).*

### **DPB-40 and DPB-50 Dual Purpose Buckle**

*Rugged, light-weight aluminum buckle (50) or Nylon (40), (Registered Design) which accepts either a snap-hook or the strap itself. Either option ensures that the shoulder strap will cross the shoulder at the correct angle for comfort and stability.*

### **Toblerone Shock Absorbers**

*Uniquely designed Toblerone feet absorb shocks and protect the bottom of your bag. Made of durable Thermoplastic rubber.*

### **Ergonomic Design**

*Domke products are designed around the human frame. It's important that the equipment fit into the case, but the case must also fit the person who carries it.*

### **InserTrolley™ - System**

*Insert the trolley into the built-in sleeve to take the weight off your shoulders and get you through the airport.*

#### **PINADOMKE CORNERS**

Thermoplastic rubber PinaDomke Corners reinforce and protect vulnerable areas and lessen wear and tear.

#### **APSS AND NSS SHOULDER STRAP**

The patented APSS and NSS offer optimal weight distribution: when on one shoulder, the strap profile is designed to compensate for the slope of your shoulder; when across the chest, the straps have a unique curved shaped that prevents them from digging into your neck.

© Stephen R. Braun, 1995

## Brick 10, 20

The Brick is designed to withstand hard use in any environment. Thick padding and rigid polypropylene provide extra-tough protection to keep your equipment safe and secure. One main compartment can be customized to fit a variety of equipment needs. Wraparound zipper opens to reveal entire main compartment.

- Brick 10 is ideal for Medium Format system or 35mm SLR outfit with 3-4 lenses and accessories.

- Brick 20 is ideal for larger medium format systems or 35mm SLR outfit with 4-6 lenses and accessories.
- Zippered mesh pocket inside main cover.
- Large front external pocket.
- Interior Dimensions:

Brick 10: 14.5"W x 6"D x 9.75"H  
37 x 15 x 25 cm

Brick 20: 19.75"W x 7"D x 13.75"H  
50 x 18 x 35 cm

### DOMKE'S UNIQUE FEATURES:

- ▶ Padded Mesh-Grip
- ▶ BSS - B Shaped Shoulder Strap (Brick 10)
- ▶ APSS/NSS - Padded shoulder strap (Brick 20)
- ▶ Groovy - Connecting Slots
- ▶ DPB-40 - Dual Purpose Buckle
- ▶ Toblerone - Shock Absorbers
- ▶ Modi-vers - Modular Versatile Divider System & Yel-loop
- ▶ 3 Filter Sleeves - 43, 62, 82mm
- ▶ Domke ID Window
- ▶ PinaDomke corners
- ▶ InsetTrolley compatible

### SUGGESTED ACCESSORIES: (see page 36)

- Modubelt - Adjustable waist belt 40mm/1.5"
- InsetTrolley
- Film Ant Trap
- Digit

Curve 10, 20

This professional photographer's roomy shoulder bag has an ergonomic curved side that keeps the bag closer to your body, making it easier to carry. Thick padding protects your equipment and wraparound zipper on top flap reveals entire contents of main compartment. Interior can be customized to fit a variety of camera needs. A large, zippered pocket on front of bag has plenty of room for accessories.

- Ideal for Medium Format outfit, 2 SLR bodies, 4-6 lenses and accessories.
- Zippered pocket on inside top flap is divided into 2 compartments to separate exposed film from unexposed film.
- 3-D Air Mesh padding against body.
- Interior Dimensions:

Curve 10: 12.5"W x 8"D x 8"H  
31.75 x 20 x 20 cm

Curve 20: 16"W x 8"D x 9"H  
40.5 x 20 x 23 cm

**DOMKE'S UNIQUE FEATURES:**

- ECHO-SB-20 - Extreme Conditions Hood
- Interlocking Handles
- ▶ NSS - Non Slippery Shoulder Strap (Curve 10)
- APSS - Advanced Padded Shoulder Strap (Curve-20) ◀
- Groovy - Connecting Slots
- DPB-40 - Dual Purpose Buckle
- ▶ Toblerone - Shock Absorbers
- Modi-vers - Modular Versatile Divider System & Yel-loop
- 3 Filter Sleeves - 43, 62, 82mm ◀
- Domke ID Window
- InserTrolley compatible (Curve-20)
- ▶ MUX On-Strap Receiver (vertical)

**SUGGESTED ACCESSORIES:** (see page 36)

- Pouches
- InserTrolley

Tube 20

The Tube 20 is long and roomy enough to fit most pro tripods. A zipper runs the entire length of the bag, allowing for easy access. The carrying handles are cleverly designed to be off center to compensate for the extra weight of the tripod head versus the legs. This keeps the bag balanced as you carry it.

- Ballistic nylon exterior.
- Padded interior cushions and protects your tripod.
- Exterior zippered pocket holds extra accessories.
- Includes Domke ID Window.
- Interior Dimensions:  
34.5"W x 7.5"D x 7.5"H  
88 x 19 x 19 cm

Colors Available as shown.

## Arc 10, 20

The Arc has a unique shape. The architectural principle of the arch can support a lot of weight without being crushed, making this the perfect shape to hold sensitive lighting equipment. Aluminum staves

reinforce base and two curved halves. Instead of zippers, the halves are secured by two unique TT buckles that lock and unlock instantly.

- An internal frame creates padded, adjustable compartments for lights and a power supply.
- 4 long internal pockets accommodate stands and poles.
- Toblerone shock absorbers on the bottom and sides.
- Dimensions:

## Arc 10

Interior: 29"W x 5.5"D x 6.5"H  
74 x 14 x 16 cm

Exterior: 31"W x 15.5"D x 10"H  
79 x 40 x 25 cm

## Arc 20

Interior: 31.5"W x 6.25"D x 8"H  
80 x 16 x 20 cm

Exterior: 33.5"W x 17"D x 11"H  
85 x 43 x 28 cm

## DOMKE'S UNIQUE FEATURES:

TT-50 Buckle

▶ APSS - Advanced Padded Shoulder Strap

Groovy - Connecting Slots

DPB-50 - Dual Purpose Buckle

▶ Toblerone - Shock Absorbers

Modi-vers - Modular Versatile Divider System & Yel-loop

Domke ID Window

InserTrolley compatible

## CVC 10, 20

The CVC is designed to carry some of the most popular small professional camcorders on the market. The internal divider provides a custom fit for your camera, with an internal pocket for accessories.

- CVC 10 is ideal for a Canon GL-1 and XM-1, Panasonic AG-EZ1, Sony-DCR-VX-1000 and similar-sized cameras and accessories.

- CVC 20 is ideal for Sony-DSR-150 and DCR-VX-2000 and accessories.

- Cover flap has linked zipper slides and quick-snap buckle.

- Interior Dimensions:

CVC 10: 14.5"W x 6"D x 7"H  
37 x 15 x 18 cm

CVC 20: 17.25"W x 8.75"D x 8.75"H  
44 x 22 x 21 cm

## DOMKE'S UNIQUE FEATURES:

▶ SPAD - Thermoplastic Padded Shoulder Strap

Modi-vers - Modular Versatile Divider System & Yel-loop

Domke ID Window

▶ Mesh-Grip Handle

Colors Available as shown.

NEW CAMERA TECHNOLOGY DEMANDS NEW CARRYING SOLUTIONS. THE DOMKE DIGITAL COLLECTION OFFERS BAGS, CASES, AND PROTECTIVE COVERS DESIGNED WITH THE DIGITAL PHOTOGRAPHER IN MIND.

## The Digital Collection.

### **ECHO™ - Extreme Conditions Hood.**

*Made of Taffeta ripstop Nylon with weather resistant treatment. One side is black, the other side is reflective silver for hot days and can be used as a light reflector.*

### **MODI-VERS - Modular, Versatile Divider System**

*With these dividers you can create compartments inside the case to meet your exact requirements.*

### **ZIGZAG - Ergonomic Backpack Strap**

*Adjustable harness straps fit all sizes Includes height/length adjustable sternum strap and two stabilizing adjusters on each strap for better weight distribution.*

### **Blu-loop**

*Azure blue interior fabric is used for easy identification of contents. You can fasten dividers (Modi-vers) to the loop fabric on the padded inside walls to customize each bag to fit your equipment.*

### **OMEGA - Omega Shaped Concealment System**

*The harness compartment gives you easy access to the harness and waist belt, yet allows easy repacking whenever they are not needed. Omega back panel stays intact and is made of 3D-Airmesh to wick away moisture when in use.*

### **PinaDomke Corners**

*Thermoplastic rubber PINADOMKE Corners reinforce and protect vulnerable areas on your bag and lessens wear and tear.*

### **Toblerone Shock Absorbers**

*Uniquely designed Toblerone feet absorb shocks and protect the bottom of your bag. Made of durable Thermoplastic rubber.*

#### DPB-40 AND DPB-50 DUAL PURPOSE BUCKLE

Rugged, lightweight aluminum buckle (50) or Nylon (40), (Registered Design) which accepts either a snap-hook or the strap itself. Either option ensures that the shoulder strap will cross the shoulder at the optimum angle for comfort and stability.

#### FILTER SLEEVES

This flat vinyl sleeve opens by pressing the two edges of the spring metal leaf. This closure snaps back once the filter is inserted to keep it safely in place. The sleeve is color-coded for easy filter recognition. 3 sizes: up to 43mm filter, 62mm and 82mm.

### DataPorter™ 10

Designed for travel, this laptop bag works well alone or added to the larger DataPorter 20 for a complete digital camera-laptop carrying system. The main compartment is well padded and can be customized to securely hold any laptop. A roomy interior provides enough space for a charger, cables, and external drives. The wraparound zipper gives you easy access to your laptop or accessories. A back zippered pocket holds documents, notebooks or files.

- Several internal and external pockets enable you to arrange and customize the bag; store personal items like a wallet, cell phone, PDA, stationery

or key-chain or use them to hold disks, CDs or other laptop accessories.

- Carrying handle on top; D-rings for padded shoulder strap.
- To keep your hands free, two detachable web harness straps let you wear bag on your back.
- Dimensions:

Main Compartment:  
16"W x 4.5"D x 11"H  
41 x 12 x 28 cm

File Compartment:  
16"W x 1.5"D x 11"H  
41 x 4 x 28 cm

#### DOMKE'S UNIQUE FEATURES:

- ▶ ECHO-SB-20 - Extreme Conditions Hood For Shoulder Bag
- ▶ Padded Mesh-Grip
- ▶ APSS/NSS - Padded Shoulder Strap
- ▶ Domke ID Window
- ▶ PinaDomke Corners
- ▶ InsetTrolley compatible 

#### SUGGESTED ACCESSORIES: (see page 36)

- MUX On-Strap Receiver (vertical)
- InsetTrolley™

### DataPorter™ 20

The perfect carrying solution for the complete digital photographer. Lets you carry a professional digital camera with lenses and accessories alone or with your laptop, charger and cables in the attached compartment. The separate laptop compartment can be attached or detached quickly by using the D-rings and hook and loop fasteners. Instead of using the standard laptop compartment, you can attach the DataPorter 10 for more capacity.

- Large main compartment holds a padded modular insert that can be customized with dividers to hold a pro digital camera with lens attached and an additional 3-4 lenses with flash, or medium format camera with lenses and flash.
- Main compartment can be divided into two levels of storage: one level for longer lenses and larger pieces of equipment, or a split level to keep equipment on top and accessories like cables, cords and flash below.

- Comes with detachable closed-cell padded laptop compartment that includes an internal divider and zipper pockets to hold your laptop, charger and accessories.
- A large front panel can be unzipped from the top and sides to reveal the contents and allows easy access to your equipment.
- Rigid exterior along with lots of extra padding offers complete protection against impact.
- Exterior pockets let you organize your disks, cell phone, extra batteries, PDA, travel accessories and more.
- Dimensions:

Main Compartment:  
17.5"W x 4.75"D x 12.5"H  
44 x 12 x 32 cm

Laptop Compartment:  
17.5"W x 1.75"D x 12.5"H  
44 x 4 x 32 cm

#### DOMKE'S UNIQUE FEATURES:

- ▶ Filter Sleeves - 43, 62, 82mm
- ▶ ECHO-SB-20 - Extreme Conditions Hood
- ▶ Padded Mesh-Grip
- ▶ APSS/NSS - Non-Slip Shoulder Strap
- ▶ Modi-vers - Modular Versatile Divider System
- ▶ Domke ID Window
- ▶ PinaDomke Corners
- ▶ InsetTrolley™ compatible 

#### SUGGESTED ACCESSORIES: (see page 36)

- MUX On-Strap Receiver (vertical)
- InsetTrolley™

For the digital pro who prefers to carry a backpack, but work from a shoulder bag, Matrix is the perfect solution. Large top compartment, lined in extra soft, hook compatible material, can be divided to hold and protect a variety of cameras and lenses. When Matrix is used as a shoulder bag, this compartment unzips from the top for easy access to all your equipment. Lower compartment has a heavily padded partition to store and protect your laptop, a soft padded pocket for disks, CDs and charger, and lots of mesh pockets for extra accessories. Straps keep the laptop securely in place.

- Ideal for carrying two pro cameras—SLR or Digital – with 2-4 lenses, your laptop, photo/electronic accessories, office supplies, cell phone and personal items.

- The upper compartment can be opened separately to get to your equipment on top, or the entire front flap can be opened to gain access to all your gear at once.
- Extra pockets everywhere store an amazing amount of gear and accessories. There's a zippered pocket on top, followed by a larger zippered pocket, and two more side pockets, one of which runs the entire length of the bag—plus mesh pockets inside the pockets.
- Back panel is curved to hug your body when used as a backpack or as a shoulder bag.
- Backpack carrying system with fully-padded adjustable harness and comfort-curved waist belt is designed for maximum comfort and keeps the weight resting comfortably on your hips.
- Domke ID Window can be visible or concealed.
- Tripod can be attached via external pockets or loops on side, or in front pocket.
- Interior Dimensions:  
13"W x 6"D x 19"H  
34.5 x 15 x 50 cm

#### DOMKE'S UNIQUE FEATURES:

-  ZIGZAG - Ergonomic Backpack Straps
-  OMEGA - Harness Concealment System
-  3 Filter Sleeves - 43, 62, 82mm
-  ECHO-BP-30 - Extreme Conditions Hood
-  Groovy - Connecting Slots
-  APSS/NSS - Padded Shoulder Strap
-  Modi-vers - Modular Versatile Divider System and Blu-loop
-  Domke ID Window
-  PinaDomke Corners
-  DPB-50 - Dual Purpose Buckle (Nylon 50mm)
-  Toblerone - Shock Absorbers
-  MUX On-Strap Receiver (vertical)

#### SUGGESTED ACCESSORIES: (see page 36)

- Lens Duffels
- Digit and other pouches
- Modi-vers Kit

## NEA 50

The largest video bag in the current collection is Nea 50. Nea 50 accommodates a variety of camcorders, up to the Canon XL-1. The wall between the main compartment and the front pocket can be opened to fit a camera's extended parts such as a viewfinder or screen.

- As an option, specially designed pouches can be attached to both ends of each bag, utilizing the MUX Connector System.

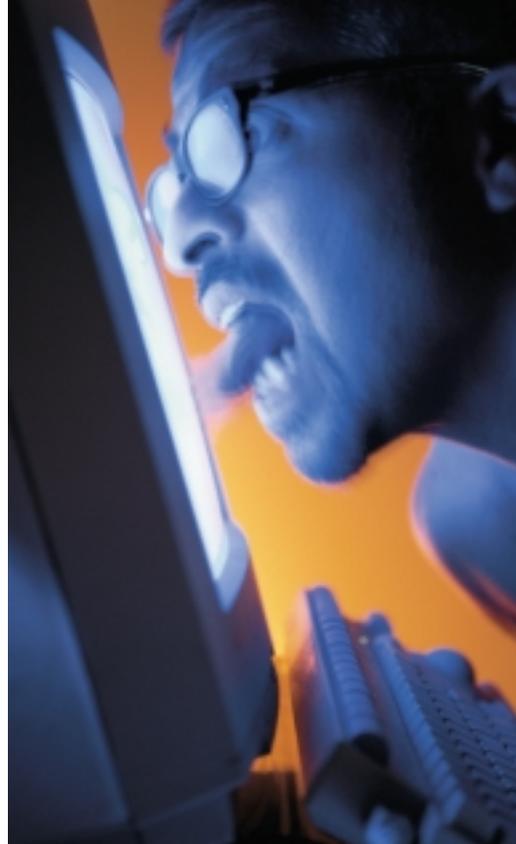

- Padded, top flap unzips fully for easy access to main compartment.
- Interior Dimensions:  
16"W x 5.5"D x 8.25"  
41 x 14 x 21 cm

## DOMKE'S UNIQUE FEATURES:

- ▶ Filter Sleeve - 62mm
- ▶ MUX On-Bag Receiver
- ▶ Toblerone - Shock Absorbers
- ▶ Padded Mesh-Grip
- ▶ BSS - B-Shaped Shoulder Strap

## SUGGESTED ACCESSORIES: (see page 36)

- Modubelt - Adjustable waist belt 40mm/1.5"
- MUX On-Strap Receiver (vertical)
- Modi-vers kit
- ECHO-SB-20
- Nea pouches, Digit and other pouches

## NEA 10, 20, 30

Nea bags are available in three sizes to accommodate a variety of camcorders, Hi-8 or digital camera systems. A back "service door" opens a lower compartment that can hold a charger, batteries, and additional tapes. If needed, the lower divider can be removed to create a larger main compartment.

- Nea 10 fits the smallest 8mm camcorder with room for accessories.
- Nea 20 is designed for small 8mm camcorder with charger, tapes, and other accessories.
- Nea 30 is ideal for 8mm compact camcorder with space for video lights, and additional accessories.
- As an option, specially designed pouches can be attached to both ends of each bag, utilizing the Mod-U-Lox® connector system. (see page 36)

- Can be worn as a waist pack when using the rear belt tunnel (Belt is optional).
- Padded, top flap unzips fully for easy access to main compartment.
- Interior Dimensions:  
Nea 10: 8.25"W x 5.5"D x 6.5"H  
21 x 14 x 16.5 cm  
Nea 20: 9.75"W x 5.5"D x 6.5"H  
25 x 14 x 16.5 cm  
Nea 30: 11.5"W x 5.5"D x 6.5"H  
29 x 14 x 16.5 cm

## DOMKE'S UNIQUE FEATURES:

- ▶ Filter Sleeve - 62mm
- ▶ SPAD-Thermoplastic Padded Shoulder Strap
- ▶ BSS - B-Shaped Shoulder Strap (NEA 30)
- ▶ ECHO-SB-10 - Extreme Conditions Hood
- ▶ PIPAD - Padded Pipe Handle
- ▶ MUX On-Bag Receiver

## SUGGESTED ACCESSORIES: (see page 36)

- Modubelt - Adjustable waist belt 40mm/1.5"
- Modi-vers kit
- Nea pouches, Digit and other pouches
- MUX On-Strap Receiver (vertical)

Pro.com 10, 20

Another unique Domke design offers maximum protection for your digital camera. A rigid thermoformed shell houses a soft, egg-crate shaped foam to protect your digital camera screens.

- The pull-out accessory panel holds extra batteries and Smart Media™ cards.
- Clam shell design with secure straps.
- Transport options include shoulder strap, on your belt, or attachment to other Domke bags using the MUX Interior Connector System.
- Interior Dimensions:  
Pro.com 10: 4.5"W x 2"D x 6.5"H  
11 x 5 x 16 cm  
Pro.com 20: 5.5"W x 2.5"D x 8"H  
14 x 6.5 x 20 cm

#### DOMKE'S UNIQUE FEATURES:

▶ MUX Pouch Connector and On-Belt Receiver

Cliploop - backup strap with snaphook

▶ Adjustable Shoulder Strap

#### SUGGESTED ACCESSORIES: (see page 36)

- Modubelt - Adjustable waist belt 40mm/1.5"

Sling 10

The Domke Sling 10 is an ergonomic answer to carrying your digital or point-and-shoot camera. The hands-free diagonal design offers an alternative to traditional methods of carrying your camera around your neck. The Sling 10 allows for easy access to the main compartment and keeps your camera in place even when open.

- Ideal for small to medium digital or point-and-shoot cameras.
- Additional pockets for film, Smart Media™, compact Flash Memory™ cards, cell phone, PDA's, or other personal items.
- Quick-draw zippers.
- Size: One size fits Small to XL.

SLEEK, LIGHTWEIGHT, AND HIGHLY FUNCTIONAL, THE ZING COLLECTION'S NEOPRENE FABRIC STRETCHES TO CREATE A SNUG FIT, KEEPING YOUR GEAR SAFE FROM MOISTURE AND DIRT.

## The Zing Collection.

### SLR Camera Covers

Latch system snugs the cover around your single lens reflex camera for minimal bulk and maximum protection. While shooting, the cover hangs from your camera strap.

#### STANDARD SLR CAMERA COVER

Fits small SLR cameras, including most older models, with a lens up to 3.5 inches (8.7 cm) long.

- Weight: 4.5 oz.
- Colors Available: black, blue, burgundy, deep green, gray.  
*All reversible to black.*

#### LARGE SLR CAMERA COVER

Fits autofocus SLR cameras and other large cameras with a lens up to 4 inches (10 cm) long.

- Weight: 5 oz.
- Colors Available: blue, burgundy, deep green, gray.  
*All reversible to black.*

#### PRO SLR COVER

Fits SLR camera with a bottom-mounted winder and a lens up to 4 inches (10 cm) long.

- Weight: 6 oz.
- Colors Available: black.

### Zoom SLR Covers

Designed to fit single lens reflex cameras with long lenses. Extended flaps wrap around the lens and Velcro together to secure the cover around the camera.

#### STANDARD ZOOM SLR CAMERA COVER

Fits small SLR cameras including most older models with a lens 3.5 to 7 inches (8.7 - 17.5 cm) long.

- Weight: 6 oz.
- Colors Available: blue, burgundy, deep green, gray.  
*All reversible to black.*

#### LARGE ZOOM SLR CAMERA COVER

Fits autofocus SLR cameras and other large cameras with a lens up to 4 inches (10 - 17.5 cm) long.

- Weight: 7 oz.
- Colors Available: blue, burgundy, deep green, gray.  
*All reversible to black.*

#### PRO ZOOM SLR CAMERA COVER

Fits SLR camera with a bottom-mounted winder and a lens 4 to 7 inches (10 - 17.5 cm) long.

- Weight: 7 oz.
- Colors Available: black.

### SLR "Action" Covers

Same as the Standard or Large SLR Camera Cover, with the addition of a removable elastic waist strap that works with your camera strap to keep the camera stable while you move.

#### STANDARD SLR "ACTION" COVER

- Weight: 6 oz.
- Colors Available: black, deep green.

#### LARGE SLR "ACTION" COVER

- Weight: 7 oz.
- Colors Available: black, deep green.

### Straps

#### SLR ACTION STRAP

Designed for photojournalists seeking complete accessibility to their equipment. These straps secure cameras or binoculars to your hand, permitting quick, controlled viewing. The Action Straps can be used in combination with a standard neck strap. A belt clip is included for hanging your camera while waiting for the next shot. Fits all newer style SLR cameras with a slotted camera strap attachment. Even fits cameras with a large bottom-mounted winder.

- Colors Available: black.

#### CAMERA STRAP

Shoulder/neck strap for cameras and binoculars. Dense foam neoprene minimizes bounce while providing maximum comfort. Quick release buckles enable easy storage.

- Colors Available: black, burgundy, deep green.

**"Eveready" Style SLR Case**

Styled after classic leather camera cases but with the advantages of neoprene, Zing's "Eveready" style SLR Camera Case is very flexible and fits a wide range of lens lengths and camera bodies. The case is designed for shooting with the cover attached to the camera; by simply unbuckling the plastic clips, the top can be removed. This enables quick film changing. Available in two sizes.

*The Standard and Large "Eveready" Style Cases fit the same cameras as the Standard and Large SLR Camera Covers.*

**STANDARD "EVEREADY" STYLE SLR CAMERA CASE**

Fits autofocus SLR cameras with a lens up to 4.5 inches (11.5 cm) long.

- Weight: 5 oz.
- Colors Available: black, deep green.

**LARGE "EVEREADY" STYLE SLR CAMERA CASE**

Fits autofocus SLR cameras with a lens up to 4.5 inches (11.5 cm) long.

- Weight: 6 oz.
- Colors Available: black, deep green.

**Multi-Strap Accessory Bag**

Padded storage for cameras, CD players and binoculars. Comes with a shoulder strap, belt loops and waist strap.

- Diameter: 1.5" x 5" x 7" (3.7 x 12.5 x 17.5 cm)
- Weight: 10 oz.
- Colors Available: black, blue, burgundy, deep green, gray.

**Drawstring Pouches**

Stretch-lycra top allows the drawstring to slide smoothly and cinch tightly. Comes with a reinforced webbing belt loop. Color-coded top edge helps differentiate lenses. Plastic clip permits hanging the pouch from a camera bag, backpack or belt for easy access.

**SMALL**

- Diameter: 3.75 inches (9.5 cm).
- Length: 5 inches (12.5 cm) long.
- Weight: 3 oz.
- Black neoprene body with a colored stretch nylon top.
- Colors Available: black, blue, purple.

**MEDIUM**

- Diameter: 4 inches (10 cm).
- Length: 7 inches (17.5 cm) long.
- Weight: 4 oz.
- Black neoprene body with a colored stretch nylon top.
- Colors Available: black, blue, purple.

**LARGE**

- Diameter: 4.5 inches (11.2 cm).
- Length: 9 inches (22.5 cm) long.
- Weight: 5 oz.
- Black neoprene body with a colored stretch nylon top.
- Colors Available: black, blue, purple.

**Extra-Large Protective Pouch**

Thick, padded storage pouch for medium format cameras, digital cameras, binoculars and similar-size equipment. Comes with belt loops and shoulder strap attachments. Closes securely with an easy-pull drawstring.

- Diameter: 6 inches (15 cm).
- Length: 8 inches (20 cm).
- Weight: 10 oz.
- Colors Available: Black body, navy blue stretch nylon top edge.

**Flap Cover Pouches**

Holds cameras, mini-binoculars, cell phones, personal organizers, light meters and other electronics. Belt loop on back.

**SMALL**

- Diameter: 3.5 x 5.5 x 1.5 inches (8.7 x 13.7 x 3.7 cm)
- Weight: 2 oz.
- Colors Available: black, blue, burgundy, deep green, gray.

**MEDIUM**

- Diameter: 4 x 6.5 x 1.5 inches (10 x 16.7 x 3.7 cm)
- Weight: 2.5 oz.
- Colors Available: black, blue, burgundy, deep green, gray.

**LARGE**

- Diameter: 4.5 x 8.25 x 1.5 inches (11.5 x 20 x 3.7 cm)
- Weight: 3.5 oz.
- Colors Available: black, burgundy.

**boing.**

**Notebook Computer Cover**

Snugly fit and protect notebook computers when stored inside a bag or briefcase. An interior pocket stretches around disks and accessories. Comes with sturdy webbing handles and a zipper closure.

**DIRECTOR**

Fits notebook computers from 8.5 to 10 inches tall by 11 to 12.5 inches wide.

- Weight: 11 oz.
- Color Available: black.

**PATENTED PADDED INSERT SYSTEM**

Our exclusive, patented design prevents small items from wandering between compartments, and allows you to pre-load and store Inserts outside the Domke Bag. Preparing for a shoot is as easy as dropping in the Insert(s) you need! Inserts (except for “short” models) are 8" deep to fit most Classic Domke Camera Bags and Satchels. All Inserts feature removable outer-wall cushions so you can increase or reduce the padding around your equipment.

**1-Compartment Mini Insert**

*(Included with F-803 Camera Satchel).*  
Holds 1 lens, flash, or standard size camera body.  
4"W x 3"D x 8"H  
10 x 7.5 x 20 cm

**2-Compartment Insert**

*(Also included with F-4AF and F-7AF).*  
For 2 lenses, 2 flash units, spare camera bodies, or any similar combination. Add one of these Inserts

to the 4-Compartment Insert in your F-2 to section it off completely.  
6"W x 3"D x 8"H  
15 x 7.5 x 20 cm

**4-Compartment Standard Insert**

*(Included with F-2 Original Bag and F-1X Little Bit Bigger Bag).*  
Designed for extra lenses and/or strobe

units, spare camera bodies, or accessories. Add a second 4-Compartment Insert to fully section off your F-1X.  
7"W x 6"D x 8"H  
18 x 15 x 20 cm

**1-Compartment Standard Insert**

Ideal for larger camera body or standard body with lens attached, 2 flash units, or zoom lens.  
6"W x 3"D x 8"H  
15 x 7.5 x 20 cm

**3-Compartment Insert**

Carry a camera, lens, and flash safely by using this Insert in your Domke Satchel!  
11"W x 3"D x 8"H  
28 x 7.5 x 20 cm

**“Short” Inserts**

Our 1, 2, and 4-Compartment Padded Inserts are also available in 6.75" (17cm) height to fit the F-6 “Little Bit

Smaller” bag. The 4-Compartment Insert is included with the F-6.

**1-Compartment Large Insert**

*(Included with F-4AF Pro System and F-7 Double AF Bags).*  
Designed for large-body autofocus camera with zoom mount. Also great for

medium format cameras and palm-sized video camcorders.  
5"W x 6"D x 8"H  
12.5 x 15 x 20 cm

**3-Compartment “Combination” Insert**

Built to hold a camera body with lens attached, plus two extra lenses or flash units.  
7"W x 6"D x 8"H  
18 x 15 x 20 cm

**“J-SERIES” PADDED INSERTS**

J-Series Shooter’s Bags™ incorporate a new Padded Insert System consisting of an adjustable main compartment insert and two end pocket inserts. The J-Series Padded Insert System is compatible with most Domke Shooter’s Bags, including the classic canvas models. Like Domke’s other inserts, J-Series inserts can be removed from the bag, even when fully loaded.

**Adjustable Insert**

*(Included with J-1 and J-2 bags).*  
The adjustable main compartment insert is lined with heavyweight Velcro loop, and its two flexible, padded divider walls can be arranged within the insert to fit many different sizes and combinations of camera bodies and lenses. Padded dividers can also be used in the main compartment of the J-1

and J-2 to divide the space any way you want.  
7.5"W x 6"D x 8"H  
19 x 15 x 20 cm

**End Pocket Insert**

*(Two included with each J-1, J-2, and J-3 bag).*  
These inserts let you carry your flash meter, cell phone or even an extra small lens, protected in the end pockets of your Domke Bag. When you’re not using them, these inserts store flat, so they can be stored in a drawer, briefcase or suitcase.  
7"W x 3"D x 7"H  
18 x 7.5 x 18 cm

### Color-Coded Protective Wraps

These versatile problem-solvers are made of padded, Velcro-compatible knit with a non-scratch nylon backing. They wrap around lenses, tools, or anything else that needs protection. Velcro tabs on all four corners let each wrap be self-secured in any number of ways. Available in Black, Red, Gray, or Yellow.

Protective wraps available in 11" (28cm), 15" (38cm) and 19" (48cm) square.

### Compact Pouch

Great for small zoom lenses, flash units, or cell phones. Adjustable Velcro tabs attach securely to shoulder straps, or you can use the extra-wide belt loop. Accepts 1-Compartment Mini Insert, sold separately. Also available in Emerald Edition.

9"L x 5"W x 3"D  
23 x 12.5 x 7.5 cm

### Super Pouch

A handy holster for handle-type strobes, power packs, or even a 300mm F/4 lens! Same attachment methods as the Compact Pouch. All Pouches have weather flaps with adjustable Velcro closures.

11"L x 6"W x 3"D  
28 x 15 x 8 cm

### Belt Pouch

Originally designed for 4 x 5 film holders, but equally well suited for battery packs, 8mm video cassettes, or personal CD players! This model is specifically designed for belt use, so it does not have the Velcro tabs found on other models.

5"L x 7"W x 3.5"D  
12.5 x 18 x 9 cm

### FilmGuard™

Designed to protect unprocessed film from harmful x-rays during airport security and customs checks. Lead-lined bags also protect other sensitive media from the low-dosage x-ray machines used in airports around the world. Without FilmGuard, unprocessed film can become fogged or streaked. Use FilmGuard in carry-on luggage, because checked luggage is exposed to high-dosage x-rays that FilmGuard cannot protect against.

- Triple-layer construction also keeps dust and moisture out: lead-impregnated vinyl sheet sandwiched between an outer shell of Ballistic Nylon and interior lining of smooth Nylon.
- Available in three sizes, in black only.

#### Mini FilmGuard

- Holds nine 35mm film cassettes or a small camera.
- Dimensions: 5.25" x 8"  
13 x 20 cm

#### Small FilmGuard

- Holds 15 rolls of 35mm or small camera with a few rolls.
- Dimensions: 9.5" x 8"  
24 x 20 cm

#### Large FilmGuard

- Holds 35 rolls of 35mm, or three 50-sheet boxes of 4" x 5" film, or small camera with a few rolls.
- Dimensions: 10.5" x 12"  
27 x 31 cm

### Filter/Disk Cases

The safe and efficient way to carry a supply of filters into the field. These Ballistic Nylon "wallets" feature protective Mylar windows and silver backings that make filter identification easy. Hold round filters up to 82mm, Cokin "P" size squares, and a variety of disks. Folded cases fit into the flat rear pocket of most Domke Shooter's Bags and Satchels. Color-coded labels make it easy to pick the right case when carrying more than one.

#### 6 Pocket Case

8.5"L x 4.5"W folded  
21.5 x 11.5 cm

#### 9 Pocket Case

12.5"L x 5.5"W folded  
32 x 14 cm

#### 13 Pocket Case

Six filter pockets, one full-length tissue/accessory pocket, six gel slots.  
12.5"L x 5.5"W folded  
32 x 14 cm

### Gripper™ Utility Strap

Made of the same thick webbing used on all Domke Bags, with our Gripper™ non-slip tracks woven in. The adjustable Utility Strap is 1.5" wide, and has durable nylon swivel hooks at both ends. Great for carrying hard cases and sling bags, or as a supplementary waist strap for your Domke Bag.

### Gripper™ Camera Straps

Whenever you have to carry your camera outside your bag, these straps provide the same non-slip security as a Domke Shoulder Strap. They come with the hardware needed to attach to any SLR. "QR" models feature twist-proof quick release extensions.

### Super Handle

A variation on the hand-carrying strap supplied with most Domke Camera Bag models. Made of tough canvas webbing, with a rigid grip insert for leverage and comfort. Standard on F-804 Super Satchel, it attaches to existing hardware on F-2, F-3X, F-4AF, and F-6 Bags.

### Sling Bags

Domke Sling Bags help you organize and carry long, awkward loads like lightstands, location light modifiers, and portable backgrounds. Each model has an internal umbrella sleeve, outer zipper pocket for small accessories, end-to-end zippers with double slides, and extra-wide shoulder slings. In black canvas only.

- 42" long, triangular cross-section, 8" sides.
- 38" long, square cross-section, 8" sides.
- 32" long, rectangular cross-section, 8" x 4" sides.
- 56" long, triangular cross-section, 8" sides.

### Domke Belts

The perfect addition to your F-5XB Shoulder and Belt Bag or Accessory Pouch. Made of tough 2" wide canvas webbing with durable side-release buckle and removable key/Accessory clip.

### Backpack Strap

Carry your Domke Bag like a backpack with this unique harness. It attaches to the hardware on your Domke Camera Bag or Satchel, and allows the bag to ride low on your back.

### Tripod Bags

Designed to carry even the bulkiest professional tripod with balance and grace. Adjustable shoulder strap is positioned to keep the tripod head up, making it easy to carry and control. All models have double-pull zippers, 40-inch bag has an inside pouch for detachable tripod head handles. In black canvas only.

- 27" long.
- 32" long.
- 40" long.

### Post Office-Style Shoulder Pad

This ergonomically designed pad is made of thick foam rubber on a tough leather backing.

Identical to the shoulder pad used by letter carriers, with the addition of Velcro tabs which adjust to fit straps up to 2.75" wide.

**NEA & Cub Pouches**

These curved, roomy side “pockets” carry extra lenses, flash, film disks, PDA’s and other photo or electronic accessories. Designed to be carried three ways: (1) connect to the side of any Domke bag that has the MUX On-Bag Receiver, (2) add to packs when using the MUX On-

Strap Receiver (vertical) and (3) slide on a belt using the MUX On-Belt Receiver (see page 39).

- Interior Dimensions:  
 4.75"W x 2.25"D x 6.25"H  
 12 x 5.5 x 16 cm

**Lens Duffels 10, 20, 30**

Handy, drawstring lens duffels provide individual protection and accessibility for a lens or other accessory. Three sizes are available. The duffels can be attached to your belt or other bags.

- Lightweight top with cord-lock gathers easily for snug closing.
- Padded floor protects valuable equipment from shock and moisture.
- Interior Dimensions:  
 Lens Duffel 10: 6"H x 4.5" Diameter  
 15 x 12 cm  
 Lens Duffel 20: 9"H x 4.5" Diameter  
 23 x 12 cm  
 Lens Duffel 30: 12"H x 4.5" Diameter  
 31 x 12 cm

**DOMKE'S UNIQUE FEATURES:**

- MUX Pouch Connector and On-Belt Receiver
- Cliploop - backup strap with snaphook

**SUGGESTED ACCESSORIES:** (see page 38)

- SOS adjustable shoulder strap

**Filter Sleeve 82, 62, 43**

Three sizes fit up to 43mm, 62mm, and 82mm filters. This vinyl flat sleeve opens by pressing the two edges of the spring metal leaf. This closure snaps back once the filter is inserted to keep it safely in place. The sleeve is color-coded for easy filter recognition.

**Filter Organizer 20**

Protective wallet holds up to 6 filters depending on the size. Each is contained in its semi-transparent plastic Filter Sleeve. Hook and loop strip lets you add or remove Filter Sleeves easily and quickly. Three Sleeves come with each Organizer: 43, 62 and 82mm. Attaches to waist belts, shoulder straps and bags using the MUX Connector System.

### Film Ant Trap

Internal film pouch lets you drop your exposed film into the funnel-shaped opening which keeps it from falling out. Designed to be attached by hook and loop fasteners to the internal walls of any Domke bag. Bottom can be opened to retrieve film.

### Film Fly Trap

External film holder keeps that once-in-a-lifetime shot safely by your side. Film can be inserted quickly and contained securely without exposure to the elements by using the cleverly designed spring system. Attaches to waist belts, shoulder straps and bags using the MUX Connector System. An absolute essential.

- Interior Dimensions: 2" D x 6" H  
5 x 15 cm

### InserTrolley™ System

This simple yet ingenious system allows you to slip the InserTrolley into the sleeve on the back of the bags that are compatible with it. It also enables you to:

- Use the trolley separately.
- Use the trolley for more than one case at a time – one above the other.
- Detach the trolley when you want to store it.

**INSERTROLLEY™**

### Digit

This compact wallet is an emergency kit for the digital photographer. An elastic band holds 6 batteries and additional pockets fit 2 Smart Media™ cards and a compact Flash Memory™ card. Carry it on your belt or on your shoulder or on other Domke bags that have the MUX Connector System.

#### DOMKE'S UNIQUE FEATURES:

- MUX Pouch Connector and MUX Dual On-Belt Receiver
- Cliploop - backup strap with snaphook

### Dri-Safe™ All-Weather Cases

This is serious all-weather protection for photo and electronic equipment, travel items, important documents, wallet/keys, medicine, and so on. Dri-Safe keeps its contents dry, cushioned and clean via a completely waterproof liner layered between durable 420 denier pack cloth on the outside and ripstop nylon on the inside. Closed-cell foam between the layers cushions and protects the contents.

- Roll-top closure with quick-release buckle seals out the elements.
- Rear loops allow attachment to belt or another bag.
- Removable shoulder strap has no-twist swivel snaphooks.
- Floats when sealed, but not intended for prolonged submersion.

#### Small Dri-Safe

- Dimensions: 7" x 3.75" x 2.5"  
18 x 9.5 x 6.5 cm

#### Large Dri-Safe

- Dimensions: 7" x 7.5" x 3.25"  
18 x 19 x 8 cm

### ECHO- Extreme Conditions Hood

Made of Taffeta ripstop Nylon with weather-resistant treatment. One side is black and the other side is reflective silver for hot days. Can be used as a light reflector. After using it in rain, you don't have to stuff the wet cover into the bag – you simply put it in the mesh pocket provided and hang it out on the bag. Three types of ECHO in several sizes.

#### ECHO-BP-10, 20, 40

Backpack ECHOs are constructed in a way that allows you to leave the carrying system out when in use or to cover it for hand-carrying.

#### ECHO-SB-10, 20

Shoulder Bag ECHOs have a rectangular shape with hook and loop fasteners and two part elastic cord adjusters. This unique solution lets you quickly cover or uncover the bag, without detaching the shoulder strap or waist belt.

#### ECHO-PC-20

Pouch or Holster ECHO can be used with shoulder and waist belt on.

### Pod-Poc

Tripod pouch holds two or three legs of your tripod. Drawstring top holds the legs securely. Separate straps attach tripod to any Groovy - Connecting Slots on the front or side of all Domke backpacks. Pod-Poc straps can be adjusted to position the tripod where you want it.

**ClipLoop**

20mm (3/4") hand strap sewn into a loop with a snap-hook. Used for carrying with one hand when attached to a pouch or a holster and for securing to a waist belt as a backup to the MUX Connector.

**Modubelt**

- (A) - MODUBELT - threaded through MUX On-Belt Receiver
- (B) - MUX Dual On-Belt Receiver
- (C) - MUX Pouch Connector
- (D) - MUX On-Strap Receiver (vertical)

40 mm (1.5") waist belt with buckle. One side can be adjusted to fit all body sizes and can be inserted through the MUX On-Belt Receiver; the other side is used to

fasten and tighten the belt on the waist. It has elastic loops to hold the loose ends of the belt.

**Shoulder Straps**

APSS-Advanced Padded Shoulder Strap (patented) and NSS-Non Slip Shoulder Strap (patented).

The patented APSS and NSS offer optimal weight distribution: when on one shoulder, the strap profile is designed to compensate for the slope of your shoulder; when across the chest, the straps have a unique curved shape that prevents them from digging into your neck.

**SOS-20**  
 Adjustable narrow shoulder strap with two snap hooks for small bags and pouches.

**SPAD-40**  
 Adjustable shoulder strap with two snap hooks and contoured Thermoplastic Rubber pad.

**BSS-40**  
 Ergonomically B-shaped foam pad with non-slip dot fabric, inserted on an adjustable shoulder strap with 2 snap hooks.

**NSS**  
 Double-sided non-slip Thermoplastic-rubber ribs molded over a curved strap.

**APSS**  
 Formed thick padding sandwiched between two soft cloth layers.

**Modi-vers**

Modular Versatile Divider System Kit – this accessory Kit includes a 35" (90cm) long divider and 10 special connectors that let you add extra dividers to your bag to create more compartments as needed. The 35" divider can be cut with scissors to the desired sizes and then a special connector is added to each end so you can attach the newly cut divider to the bag's "Yel-loop" or "Blu-loop" walls. The Modi-vers Kit is the soft divider version. No glue, knife or special skills needed.

**MUX CONNECTOR SYSTEM**

The Duraflex® Mod-U-Lox® Nylon attachment system modified by Domke to connect pouches to bags, backpacks, waist belts and shoulder straps.

**MUX Pouch Connector**

This connector is sewn on the back of the pouches only. This part lets you connect a pouch to Domke bags or to a variety of shoulder straps and belts when used with our: (1) MUX On-Bag Receiver, (2) MUX On-Strap Receiver (vertical) and (3) MUX On-Belt Receiver.

**MUX On-Belt Receiver**

MUX On-Belt Receiver - a sliding receiver that attaches to the MUX Pouch Connector and allows you to carry a Domke pouch, holster or small bag on your belt.

**MUX On Bag Receiver**

This receiver is sewn on the sides of many of our bags and is designed to receive the MUX Pouch Connector to attach pouches securely to the sides of the bags.

**MUX Dual Pouch Connector**

Two connectors are sewn on the back of some of our pouches, holsters or small bags. You can connect them to your belt by using the MUX Dual On-Belt Receiver.

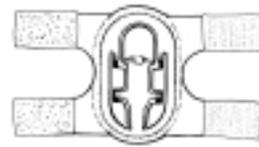

**MUX Dual On-Belt Receiver**

MUX Dual On-Belt Receiver - a double receiver that attaches to the MUX Dual Pouch Connector and allows you to carry a Domke pouch, holster or small bag on your belt.

**MUX On Strap Receiver (vertical)**

A receiver with four hook and loop arms that enable it to be connected to a vertical strap such as your bag's shoulder strap or to a backpack side strap (with Groovy - Connecting Slots). After attaching the On-Strap Receiver, it can be used to connect any Domke pouch that has the MUX Pouch Connector.

**MUX POUCH CONNECTOR**

These items can be attached to Domke bags or shoulder straps or belts:

- Pro.com 10, 20 • Digit
- Cub Pouches • Nea Pouches
- P&S • Lens Duffel 10, 20, 30
- Film Fly Trap • Filter Organizer

**MUX DUAL POUCH CONNECTOR**

These items can be carried on a belt only :

- DuckHead 10, 20
- Bulldog 10, 20
- Minipack 20
