

GT[®]SERIES

GTTM 050

Features:

- Huge storage capacity up to 750GB
- Sustain data rates of 40 MB/sec with FireWire (IEEE 1394a/iLink)
- Internal power supply, no wall wart. Internal, quiet fan.
- Fast 7,200 RPM, ATA/100 Seagate drives with up to an 8MB cache
- Ships in Hard shell plastic protective carrying case.
- Stainless steel, fan cooled enclosure is rack-mountable
- Engineered for Professional Audio and Video Production
- Comes complete with Glyph's 24-hour advance replacement warranty along with outstanding technical support at no additional charge.

Shown with optional rack ears

Fast, sleek and portable.

Setting the standard for disk-based audio recording storage, the GT 050's durable design features an internal power supply, whisper-quiet fan, and 1/8" thick brushed stainless steel faceplate. The scratch-resistant black powder coated aluminum chassis offers additional heat transfer properties while allowing the drive to be lightweight and portable. Both rugged and portable, Available with a variety of large-capacity Seagate 7,200 RPM drives to provide top notch performance with audio and video applications, the GT 050 comes standard with a three-year warranty that includes overnight advance replacement in the first year.

Technical Specifications

- Capacity: 80, 160, 250, 320, 400, 500, 750GB
- Interface: Two IEEE 1394a/iLink (FireWire 400) connectors
- Bridging: Oxford 911 chip on Glyph's own bridge board
- Rotational speed: 7,200 RPM
- Average seek time (read): 8 msec
- Max external transfer rate: 400 Mb/sec (50 MB/sec)
- Buffer (cache): 2MB (80GB), 8MB (160 - 250GB), 16MB (320 - 750GB)
- Dimensions: H 1.72" x W 8.61" x D 9.47"
- Weight (lbs/kg): 4.30 lbs / 1.94 kg
- Internal Power supply: Universal 100-240v, 50-60 Hz
- Operating Temperature (C/F): 41 - 122/5 - 50
- Warranty: 3 years
- Compatibility: Mac OS 8.6/9.x/10.x, Windows 98SE/2000/ME/XP, Linux
- Includes: 2 meter FireWire cable, power cable, downloadable manual, hard-shell plastic carrying case
