Quad Interface: FW800, FW400, USB 2.0, eSATA

Glyph's GT 050Q builds upon the success of the original GT 050 and adds FireWire 800, eSATA and USB ports. Designed for high-speed access to audio and video content, while at the same time offering flexible connectivity options, the GT 050Q is the highest performing Quad interface drive on the market today. The GT 050Q's design features an internal power supply, whisper-quiet fan, and a 1/8" thick brushed stainless steel face plate. Available with up to 1TB Seagate 7,200 RPM drives, the GT 050Q comes standard with a three-year warranty that includes overnight advance replacement in the first year.
