WHY BUY A LEATHERMAN?

In 1975, Tim Leatherman (totally picky engineer) found himself traveling through Europe with a tight budget and a cranky car. His trusty scout knife just couldn't handle the job. Tim wished he had a compact set of tools including full-sized pliers. Back home, he put his engineering skills to work and after seven years (picky, picky, picky), the original Leatherman tool was perfected. Why should you buy a Leatherman? Tim's standards for quality, durability, precision and attention to detail are what make Leatherman tools like no others. Ever since Tim invented the category we've focused on just one thing - manufacturing the world's highest quality multi-purpose tools. We're not only the original, we're the world's leader. Put it to the test for yourself. You'll be pleased you bought a Leatherman.

If within 25 years from the date of purchase you find any defect in material or workmanship with your Leatherman® tool, return it to Leatherman Tool Group, Inc. or a local authorized repair center for repair. At our option, we may replace the tool.

This warranty does not cover abuse, alteration, unauthorized or unreasonable use of your Leatherman tool. This warranty does not cover sheaths, accessories, or colored finishes. Bits are not covered under this warranty. We recommend you replace the sheath when necessary.

To obtain service, return your tool to the address shown on the back cover or contact us for the location of the closest authorized repair center. When you send us your tool, be sure it is insured. We cannot be responsible for items that do not reach us.

Leatherman Tool Group, Inc. is not liable for incidental or consequential damages. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you.

This warranty also gives you specific legal rights and you may also have other rights, which may vary from jurisdiction to jurisdiction.
