LAVINIA
class A++

A CLEAN HOUSE FOR A HEALTHIER LIFE

Line for allergic people and
sanitary environments

Certified filtration system
class A++

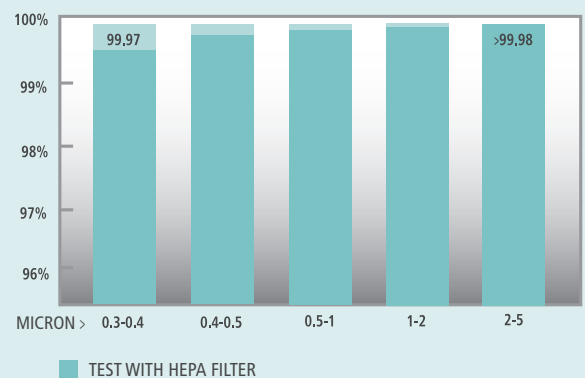

LINDA Hepa class A++

Multifunction electric broom
for domestic environments

STRENGTHS

- › Special patented nozzle M29R
- › Felt base (optional)
- › High efficiency Rotafil vacuum motor 700W
- › Light and manoeuvrable
- › The dirt comes from the top by falling and fills up the filter bag completely
- › Electronic power nozzle (optional) turns it to a carpet cleaner and a dry cleaning system
- › Back pack vacuum cleaner (optional)
- › 7-stage filtration and Hepa filter (standard)
- › Blowing function (optional)
- › Full set of accessories

TECHNICAL DATA

Linda Hepa

Input power (W)	700
Water lift (mm/H ₂ O)	2300
Air volume (lt/sec)	49
Motor protection	Termo/amp.
Micropore bag (lt.)	3,5
Filter bag with filling from above	Standard
Active carbon filter/Microfilter	Standard
S-Class Hepa filter	Standard
Noise level db (A)	69
Total weight (kg)	4,4
Cord length (mt.)	8
POWER NOZZLE M30E	
Brush motor (W)	150
Cogged drive belt	Standard
Electronic overload control	Standard
Center convergent bristles brush (RPM)	5000
Vacuum width (mm)	300
Brush width (mm)	270

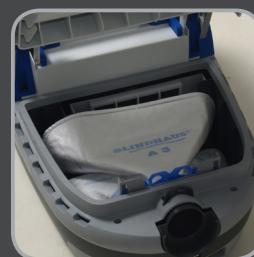

1. The patented M29R Lindhaus universal nozzle with 4 rubber wheels and all around suction can be equipped with a felt plate to vacuum and polish delicate floors such as wood and marble.
2. The machine goes down completely horizontally for easy access under low furniture and beds.
3. The blowing function (optional) makes it possible to dislodge the most difficult dust to be sucked.
4. The electronic overload control switches off the motor of the power nozzle in case of excessive overload and provides guidelines for the proper base adjustment. The "Dry Cleaning System" DCS is integrated.
5. The flex hose for the above the floor cleaning is mounted on top of the machine without removing the nozzle and without carrying the whole weight of the machine.

LETIZIA Hepa class A++

Multifunction canister vacuum
cleaner / carpet cleaner for domestic use

STRENGTHS

- › Compact and light
- › Two transport handles
- › Swivel wheels
- › Soft rubber bumper all around the machine
- › Soft exhaust air exit through bumper
- › Automatic cord rewinder
- › High efficiency Rotafil vacuum motor 1400W
- › On board accessories
- › Micropore filter bag 3 lt.
- › 8-stage filtration
- › Hepa exhaust air filter (standard)
- › Powerful blowing function (standard)
- › Quick connection of electrified wand for carpet cleaner
- › Power nozzle / Dry Cleaning System (optional)

NET EFFICIENCY FILTRATION

The filtration efficiency tests done on Lindhaus machines by the independent laboratory IBR (USA) show the result of its sophisticated construction technology. Thanks to the brush rolls with convergent bristles to the centre that rotate at 5000 RPM/min and the powerful suction, the Lindhaus carpet cleaners are able to remove and deeply suck dust and debris in order to live in healthier and cleaner environments. CRI (Carpet & Rug Institute U.S.A.) has certified all Lindhaus carpet cleaners for their superior ability to remove dust that is fully retained.

FILTRATION SYSTEM

Electric broom Linda: 3 layer Micropore bag, motor protection filter Carbon active / microfilter, Sound absorbent filter, S-Class Hepa filter treated with Total antiseptic. Vacuum cleaner Letizia Hepa: 5 layers micropore bag, motor protection filter Carbon active / microfilter, S-Class Hepa filter treated with Total antiseptic.

1. EXCELLENT MANEUVRABILITY

The front and tilted connection point of the connector and the three swivel rubber wheels allow to pull the machine easily also around obstacles. The soft bumper all around the machine, protects the machine, doors and furniture from scratches and hits.

2. PATENTED NOZZLES

Thanks to the use of a special stainless steel telescopic wand and the patented Lindhaus nozzles you obtain an excellent versatility of use.

3. CARPET CLEANER AND DRY CLEANING SYSTEM

The carpet cleaning and dry cleaning functions are obtainable by getting a special kit (optional). The electrified hose with the remote control of the vacuum motor and the brush motor is connected with a handy electrified telescopic wand in stainless steel which is attached to the neck of the power nozzle without external cables. A pedal on the neck allows the quick release of the wand for the above the floor cleaning.

TECHNICAL DATA

Letizia Hepa

Input power (W)	1400
Water lift (mm/H ₂ O)	3000
Air volume (lt/sec)	64
Electronic power control	Standard
Electronic control of motor temperature	Standard
Micropore bag (lt.)	3
Active carbon filter/Microfilter	Standard
Accessories on board	Standard
Blowing function	Standard
S-Class Hepa filter	Standard
Adjustable noise level min. db (A)	62,3
Adjustable noise level max. db (A)	68,5
Total weight (kg)	6,6
Cord length (mt.)	6
POWER NOZZLE PB12	
Brush motor (W)	150
Cogged drive belt	Standard
Electronic overload control	Standard
Center convergent bristles brush (RPM)	5000
Dry Cleaning System DCS	Standard
Vacuum width (mm)	300
Brushing width (mm)	270

LAVINIA

class A++

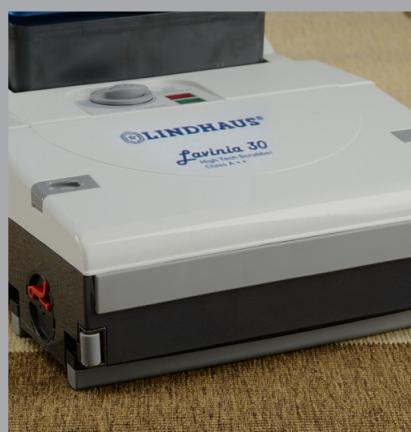

High Tech Scrubber

Multifunction scrubber drier for domestic use

STRENGTHS

- › High efficiency Rotafil vacuum motor 800W
- › Rotafil brush motor 250W
- › The world lightest (10,2 kg)
- › The lowest profile (14 cm only)
- › Floor scrubber drier
- › Scrub and dry in both directions
- › Carpet cleaner (optional)
- › Injection / extraction (optional)
- › Window cleaner (optional)
- › Minimal water and detergents consumption

TECHNICAL DATA

Lavinia

Input power (W)	1170
Water lift (mm/H ₂ O)	2000
Air volume (lt/sec)	46
Brush motor (W)	250
Brush roller constant speed (RPM)	1600
Electronic overload control	Standard
Cylindrical brush D / L (mm)	72/255
Suction width (mm)	280
Solution tank (lt.)	2,6
Recovery tank (lt.)	2,6
Working capacity (m ² /H)	250
Water dosing	Pump
Working time per tank (min.)	9
Base height (mm)	140
Total weight (kg)	10,2
Handle weight (kg)	1,3
Cord length	10
Noise level db (A)	74
Sealing protection	IPX 4
Upholstery cleaning kit	Optional
Window cleaning kit	Optional

1. The brush pressure is adjustable based on the indications of the sophisticated electronic overload control that maintains a constant speed (1600 RPM) and switches off the motor in case of overload.
2. The machine washes and dries instantly in both directions leaving the floors deeply washed also between the grooves and completely dry.
3. A special upholstery and window cleaning kit (optional) makes the machine versatile and perfect for any kind of environment.
4. If LAVINIA is equipped with the carpet nozzle, brush roller and the scented deodorant cleaner Lindhaus Textile, it becomes a perfect carpet cleaner with mechanical action and perfect drying.
