MATTERHORN LED FLASHLIGHT

MATTERHORN: This high performance LED flashlight uses the latest in battery management electronics with 1 or 3 high output 5 mm LEDs. Our unmatched electronics can more than double the light output of some other similar size competitive 5 mm LED flashlights and with greater battery life.

The MATTERHORN is the perfect EDC small pocket or key ring LED flashlight. The head is available in 5 different power levels using our exclusive 'SNOW' white LEDs. There are up to 8 different battery compartment styles in 5 different case metals.

The MATTERHORN can use Alkaline, Lithium, NiMH rechargeable batteries in AAA, and 2xAAA, or Li-Ion rechargeable in 10280, or 10180 sizes.

Options include a momentary switch in place of the negative battery contact, (see diagram), a translucent cover to reduce light output when required, and battery compartment caps for carrying spare batteries.

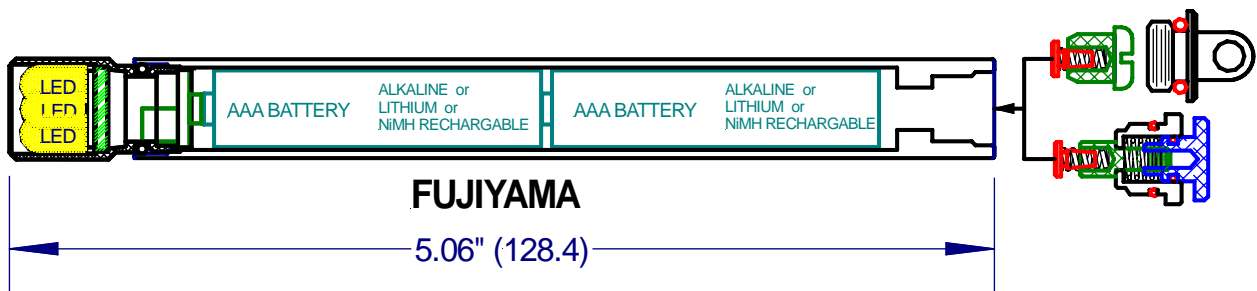

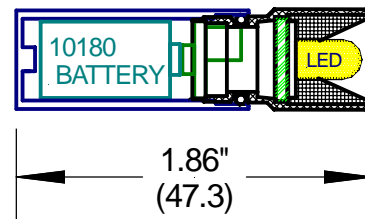

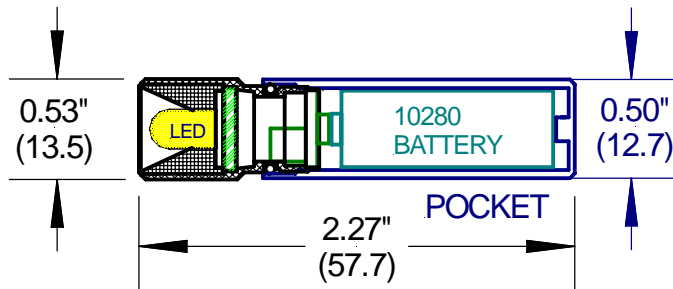

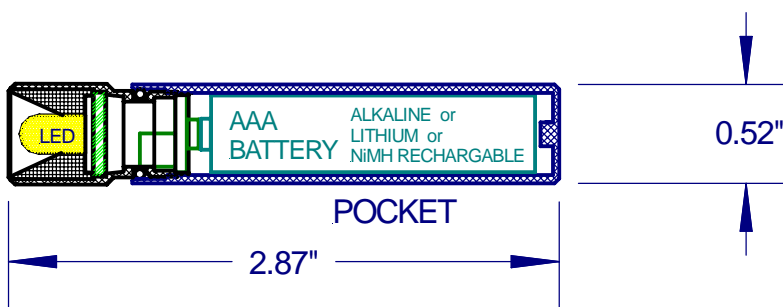

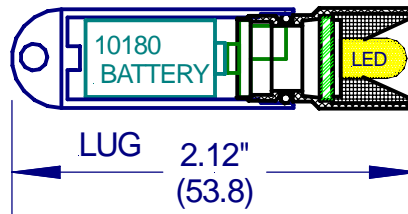

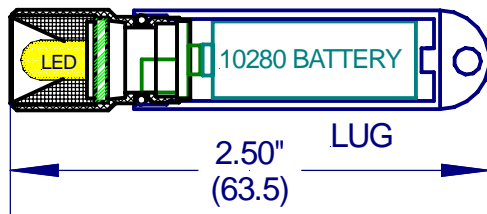

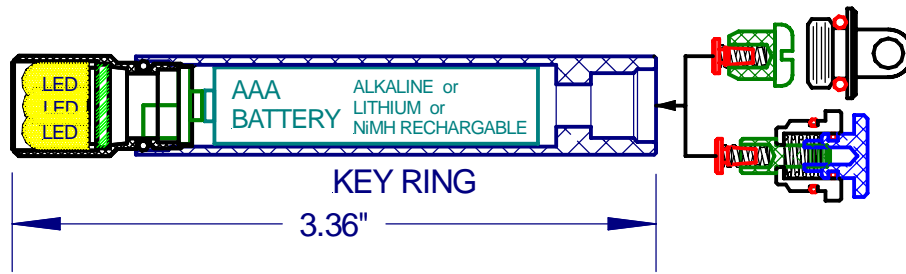

Designed and manufactured in the USA.

- Machined from Aluminum, solid Brass, Stainless-Steel, limited runs of Titanium and Gold plated Brass.
- Epoxy sealed head
- Water and Shock resistant
- 5 different power output levels
- 24 to 120 candlepower
