

PEAK LED SOLUTIONS

MEDITERRANEAN LED FLASHLIGHT

MEDITERRANEAN: This is a 2 watt output high performance LED flashlight using a 3 watt LED and a constant current power supply. The advanced electronics maintain a constant light output throughout the life of the battery.

The MEDITERRANEAN in the pocket style body is the smallest quality 2 watt output pocket LED flashlight on the market. There are 4 different battery compartment styles in up to 5 different case metals.

The MEDITERRANEAN uses a single Lithium CR-123 battery or 2x AA batteries and a 20 mm reflector for maximum light output. An ideal combination of size, power and battery run time.

Options include a momentary switch in place of the negative battery contact, (see diagram), a translucent cover to reduce light output when required, and battery compartment caps for carrying spare batteries.

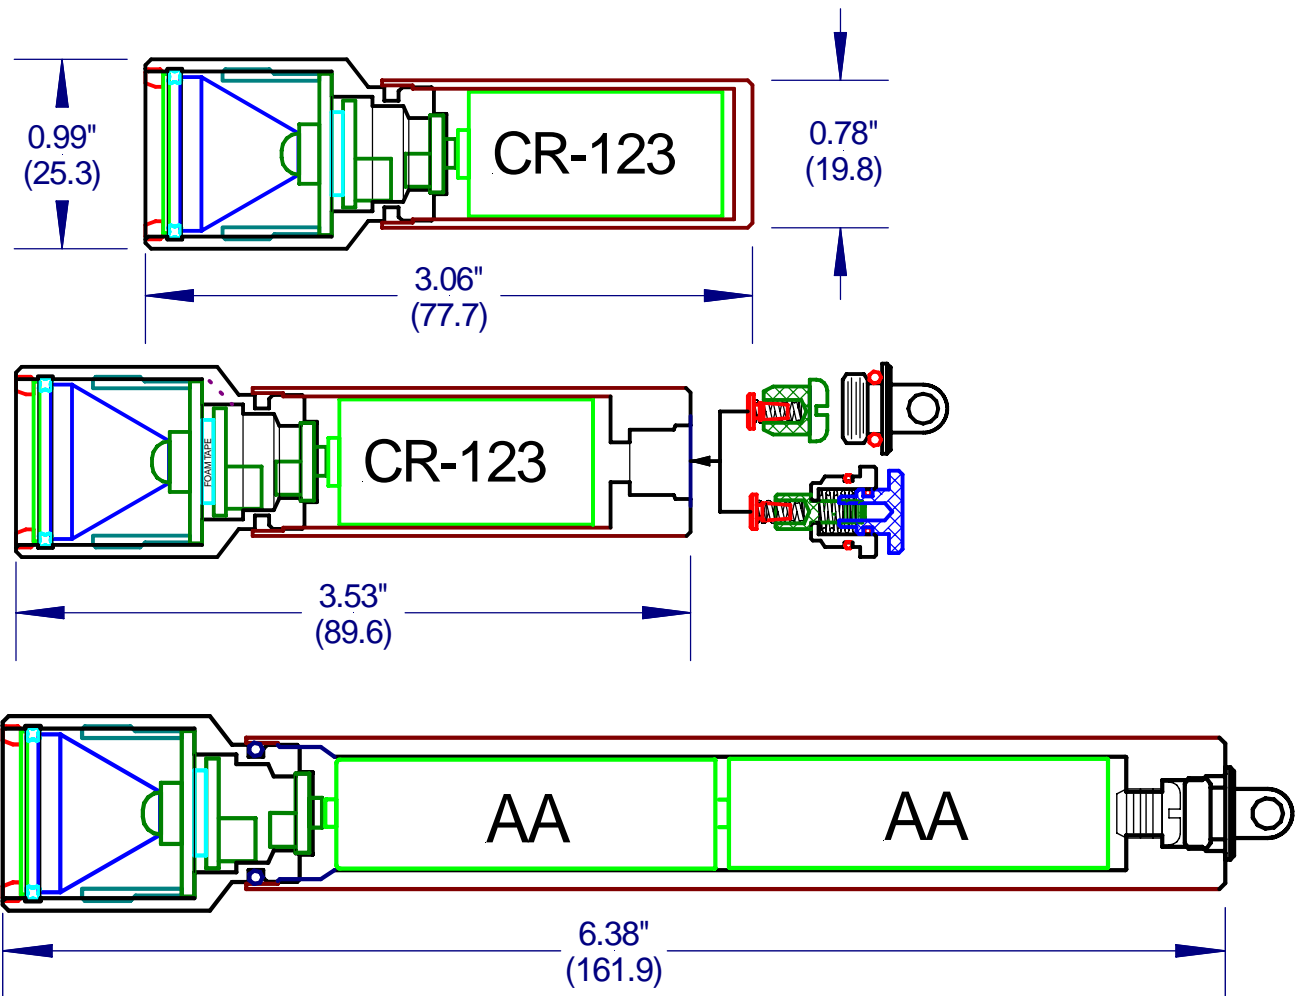

Designed and manufactured in the USA.

- Machined from Aluminum, solid Brass, Stainless-Steel, limited runs of Titanium and Gold plated Brass.
- Epoxy sealed head
- Water and Shock resistant
- 2 watt power output level
- 1100 Candlepower
- 4 different battery compartments
- Optional 2 x AA compartment
- Double ended battery compartment
- Reliable momentary tail switch
- Custom laser engraving
- Sized for Every Day Carry
- Unequaled light output
- Best battery run time
- Unbreakable lens
- True natural white light output
- 3 watt high flux LED
- Highest efficiency electronics
- Used by Professionals

No other LED flashlights equal the quality, performance, versatility, or overall value offered by Peak LED Solutions.
