

300 Series Accessories

RM-3 Rack Tray - The **RM-3** provides side-by-side mounting of any two 300 series units in a standard 1U high rack space. Mounting screws (8) are provided. The units can be mounted in a flush front or knob protecting recessed position.

The FP-3 Filler Panel - The **FP-3** filler panel provides a means to cover the empty space left when only one 300 series unit is used in the **RM-3**. Mounting screws (2) are provided. The **FP-3** can be mounted in a flush front or recessed position to match the installed 300 series unit.
